EXPLANATORY NOTE

Concurrently with the completion of our initial public offering in February 2001, Oil States International, Inc. combined with HWC Energy Services, Inc. ("HWC"), Sooner Inc. ("Sooner") and PTI Group, Inc. ("PTI") in a transaction that we refer to as the "Combination." Prior to our initial public offering and the

Combination, SCF-III, L.P. owned a majority interest in Oil States, HWC and PTI,

and SCF-IV, L.P. owned a majority interest in Sooner. SCF-III, L.P. and SCF-IV, L.P. are private equity funds that focus on investments in the energy industry. We refer collectively to SCF-III, L.P. and SCF-IV, L.P. as "SCF." Also concurrently with the closing of our initial public offering, we issued 4,275,555 shares of our common stock to SCF in exchange for approximately \$36 million of indebtedness of Oil States and Sooner which was held by SCF. We refer to this transaction as the "SCF Exchange."

The terms the "Company," "we," "us," and "our" refer to Oil States International, Inc. and its subsidiaries, including HWC, Sooner and PTI, following the Combination. The term "Oil States" refers to Oil States International, Inc. and its subsidiaries prior to the Combination.

#### OUTSTANDING VOTING SECURITIES AND VOTING RIGHTS

The Company has two outstanding classes of securities that entitle holders to vote generally at meetings of the Company's stockholders: common stock, par value \$.01 per share; and special preferred voting stock, par value \$.01 per share. A single share (the "Voting Share") of special preferred voting stock was issued to Computershare Trust Company of Canada (the "Trustee") as trustee under a Voting and Exchange Trust Agreement for the benefit of holders of exchangeable shares issued by the Company's wholly-owned subsidiary, 892489 Alberta Inc., in connection with the Company's February 2001 acquisition of PTI Group Inc. The common stock and the Voting Share vote together as a single class on all matters except when Delaware law requires otherwise. Each share of common stock outstanding on the record date is entitled to one vote. The Voting Share is entitled to one vote for each exchangeable share outstanding on the record date. The Trustee is required to vote the Voting Share as instructed by holders of exchangeable shares, and to abstain from voting in proportion to the exchangeable shares for which the Trustee does not receive instructions. Accordingly, references to "stockholders" in this Proxy Statement include holders of common stock, the Trustee, and holders of exchangeable shares. In addition, unless we indicate otherwise, the number of shares outstanding, including for purposes of calculating percentage ownership, in this proxy statement have been calculated as if the exchangeable shares have been exchanged for shares of our common stock. The procedures for holders of exchangeable shares to instruct the Trustee about voting at the Annual Meeting are explained in the "Information Statement for Holders of Exchangeable Shares of 892489 Alberta Inc." that is enclosed with this Proxy Statement only for holders of exchangeable shares.

The record date for the stockholders entitled to notice of and to vote at the Annual Meeting is the close of business on April 10, 2002. At the record date, 44,730,878 shares of common stock and one Voting Share were outstanding and entitled to be voted at the Annual Meeting. At the record date, 3,601,329 exchangeable shares were outstanding and entitled to give voting instructions to the Trustee. Accordingly, 48,332,207 votes are eligible to be cast at the Annual Meeting.

The presence, in person or by proxy, of the holders of a majority of the votes eligible to be cast at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. If a quorum is not present, the stockholders entitled to vote who are present in person or by proxy at the Annual Meeting have the power to adjourn the Annual Meeting from time to time, without notice other than an announcement at the Annual Meeting, until a quorum is present. At any adjourned Annual Meeting at which a quorum is present, any business may be transacted that might have been transacted at the Annual Meeting as originally notified.

Directors will be elected by a plurality of the votes present and entitled to be voted at the Annual Meeting. Ratification of the selection of the Company's auditors and the approval of the 2001 Equity Participation Plan will require the affirmative vote of the holders of a majority of the shares present and entitled to be voted at the Annual Meeting. An automated system that the Company's transfer agent administers will tabulate the votes. Brokers who hold shares in street name for customers are required to vote shares in accordance with instructions received from the beneficial owners. Brokers are permitted to vote on discretionary items if they have not received instructions from the beneficial owners, but they are not permitted to vote (a "broker non-vote") on non-discretionary items absent instructions from the beneficial owner. Abstentions and broker non-votes will count in determining whether a quorum is present at the Annual Meeting. Both abstentions and broker non-votes will not have any effect on the outcome of voting on director

elections. For purposes of voting on the ratification of the selection of auditors and the approval of the 2001 Equity Participation Plan, abstentions will be included in the number of shares voting and will have the effect of a vote against the proposal, and broker non-votes will not be included in the number of shares voting and therefore will have no effect on the outcome of the voting.

A Proxy in the accompanying form that is properly signed and returned will be voted at the Annual Meeting in accordance with the instructions on the Proxy. Any properly executed Proxy on which no contrary instructions have been indicated about a proposal will be voted as follows with respect to the proposal: FOR the election of the two persons named in this Proxy Statement as the Board of Directors' nominees for election to the Board of Directors; FOR the ratification of the selection of Ernst & Young LLP as the Company's auditors; FOR the approval of the 2001 Equity Participation Plan; and in accordance with the discretion of the holders of the Proxy with respect to any other business that properly comes before the stockholders at the Annual Meeting. The Board of Directors knows of no matters, other than those previously stated, to be presented for consideration at the Annual Meeting. The persons named in the accompanying Proxy may also, in their discretion, vote the Proxy to adjourn the Annual Meeting from time to time.

A copy of the list of stockholders entitled to vote at the Annual Meeting will be available for inspection by qualified stockholders for proper purposes at the offices of the Company during normal business hours beginning on May 5, 2002 and at the Annual Meeting.

PROPOSAL 1:

ELECTION OF DIRECTORS

The Bylaws of the Company provide that the Board of Directors will be comprised of seven members. The seven members are divided into three classes having two members in Class I, three members in Class II and two members in Class III. Each class is elected for a term of three years, so that the term of one class of directors expires at each annual meeting of stockholders. The term of the Class I directors expires at the Annual Meeting.

NOMINEES

Two directors are to be elected at the Annual Meeting. The Board of Directors has nominated L.E. Simmons and Douglas E. Swanson to fill the two expiring Class I positions on the Board of Directors, to hold office for three-year terms expiring at the annual meeting of stockholders in 2005, and until their respective successors have been duly elected and qualified, or until their earlier resignation or removal. The enclosed proxy (unless otherwise directed, revoked or suspended) will be voted for the election of the two nominees for director.

Although the Company knows of no reason why any of the nominees might be unable or refuse to accept nomination or election, if any nominee should be unable to serve as a director, the shares represented by proxies will be voted for the election of a substitute nominated by the Board of Directors.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ELECTION OF EACH OF THE NOMINEES.

#### COMMITTEES AND BOARD MEETINGS

The Board of Directors has established two standing committees: the Audit Committee and the Compensation Committee. The Audit and Compensation Committees are comprised of directors who are not officers or employees of the Company.

The Company's audit committee consists of Messrs. Wells, Lambert and Rosenthal, each of whom is a non-employee director. The audit committee, which is chaired by Mr. Wells, meets separately with representatives of the Company's independent auditors and with representatives of senior management in performing its functions. The audit committee reviews the general scope of audit coverages, the fees charged by the independent auditors, matters relating to internal control systems and other matters related to accounting and reporting functions.

The Company's compensation committee consists of Messrs. Rosenthal, Simmons and Papa, each of whom is a non-employee director. The compensation committee, which is chaired by Mr. Rosenthal, administers the stock option plans, and in this capacity makes all option grants or awards to employees, including executive officers, under the plans. In addition, the compensation committee is responsible for making recommendations to the board of directors with respect to the compensation of the Company's chief executive officer and its other executive officers and for establishing compensation and employee benefit policies.

During 2001, the entire Board of Directors held six meetings, the audit committee held five meetings and the compensation committee held two meetings. Each of the directors attended at least 75 percent of the meetings of the board and the committee of the board on which they served.

#### AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors includes three directors who are independent, as defined by the standards of the New York Stock Exchange. The Committee assists the Board in overseeing matters relating to the accounting and financial reporting practices of the Company, the adequacy of its internal controls and the quality and integrity of its financial statements.

The Audit Committee operates under a charter adopted by the Board of Directors on February 7, 2001, and as amended on October 29, 2001, which is appended hereto as Appendix A. The Audit Committee met five times during 2001 with the Company's financial management and the independent certified public accountants of the Company, Ernst & Young LLP, to provide oversight to the financial reporting process and internal control structure. Ernst & Young LLP met with the Audit Committee, without Company management representatives, to discuss the results of their examinations and their opinions on the adequacy of internal controls and quality of reporting.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the year ended December 31, 2001. In addition, the

Audit Committee has discussed with Ernst & Young LLP matters required by Statement on Auditing Standards No. 61.

The Audit Committee also received and reviewed the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1, and has discussed with Ernst & Young LLP their independence. The Audit Committee has also discussed with management of the Company and Ernst & Young LLP such other matters and received such assurances from these parties that they deemed appropriate.

Based on the foregoing review and discussions, the Audit Committee has recommended to the Company's Board of Directors the inclusion of the Audited Financial Statements in the Company's Annual Report for the year ended December 31, 2001 on Form 10-K, filed with the SEC.

The Audit Committee also considered whether the provision of the non-audit services listed below is compatible with maintaining the independence of Ernst & Young LLP.

Subject to ratification by the shareholders, the Board of Directors has reappointed Ernst & Young LLP as independent auditors to audit the financial statements of the Company for the current fiscal year.

**Audit Fees.** The fees paid by the Company to Ernst & Young LLP for the audit of the Company's financial statements for the year ended December 31, 2001 and for the review of the Company's financial statements for the quarterly periods in 2001 totaled \$250,000.

**Financial Information Systems Design and Implementation Fees.** Ernst & Young LLP did not provide such services to the Company for the year ended December 31, 2001.

**All Other Fees.** All other fees paid to Ernst & Young LLP for the year ended December 31, 2001 for services other than those disclosed above totaled \$426,000, including audit related services of \$122,000 incurred for statutory audits in foreign countries and for benefit plan audits and \$304,000 incurred for nonaudit services which consisted largely of tax review and consultation work and certain merger and acquisition related efforts.

#### CHANGE OF ACCOUNTANTS

The financial statements of Oil States as of December 31, 1998 and 1999 and for the three years ended December 31, 1999 were audited by Arthur Andersen LLP. In connection with the Combination and following discussions with two accounting firms, we engaged Ernst & Young LLP in May 2000 to audit our consolidated financial statements in the future. Accordingly, Oil States' engagement of Arthur Andersen LLP was terminated in May 2000. The report of Arthur Andersen LLP for the fiscal year ended December 31, 1998 did not contain an adverse opinion or disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principles. The report of Arthur Andersen LLP for the year ended December 31, 1999 did not contain an adverse opinion or disclaimer of opinion, nor was it qualified as to uncertainty, audit scope or accounting principles. This report contains an explanatory paragraph related to an uncertainty. Further, for this period and the five month period ended May 31, 2000, there were no disagreements over accounting principles, nor were any material weaknesses in internal control reported. The engagement of Ernst & Young LLP and the termination of Arthur Andersen LLP were approved by our board of directors. Ernst & Young LLP was not consulted on any matters involving accounting principles of Oil States during the two year period ended December 31, 1999 or the five-month period ended May 31, 2000.

#### COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors consists of three directors who are not employees of the Company. The Committee reviews the Company's executive compensation program and policies each year and determines

the compensation of the executive officers.

The Compensation Committee's philosophy regarding the Company's executive compensation program has been to design a compensation package that provides competitive salary levels and compensation incentives that (i) attract and retain individuals of outstanding ability in these key positions, (ii) recognize individual performance and the performance of the Company relative to the performance of other companies of comparable size, complexity and quality and against budgeted goals, and (iii) support both the short-term and long-term goals of the Company. The Compensation Committee believes this approach closely links the compensation of the Company's executives to accomplishments of company goals that coincide with shareholder objectives.

The Company's executive compensation program is administered by the Compensation Committee of the Board of Directors. The Compensation Committee establishes specific compensation levels for executive officers and other key personnel and administers the Company's stock award plans. The Committee considers the anticipated tax treatment of the Company's executive compensation program. Section 162(m) of the Internal Revenue Code generally limits the corporate tax deduction for compensation paid to executive officers named in the Summary Compensation Table to \$1 million, unless certain conditions are met. In general, the Company's policy is to qualify executive compensation for deduction under applicable tax laws.

The executive compensation program includes three primary elements that, taken together, constitute a flexible and balanced method of establishing total compensation for the Company's executive officers. These elements are (i) base salary, (ii) annual bonus plan awards under the Annual Incentive Plan, and (iii) long-term incentive awards, including stock option grants.

**Base Salaries.** Executive officer base salaries, including Mr. Swanson's, are based on an evaluation considering principally peer company data and the Company's and the executive's performance. Base compensation is reviewed annually by the Compensation Committee and adjusted consistent with the Committee's evaluation. The Committee obtained an independent salary survey in the first quarter of 2002 for the purpose of determining 2002 base salaries, including Mr. Swanson's salary.

**The Annual Incentive Plan.** Bonus awards are linked to the achievement of Company-wide, divisional and individual performance goals and are designed to put a significant portion of total compensation at risk. Under the bonus plan, a bonus target is established for each executive officer based upon a review of the competitive data for that position, level of responsibility and ability to impact the Company's success. In 2001, the individual targets range up to 60% of base salary. The actual amount of the bonus award can range from

8

0% to 200% of target and is based on the Company's and/or divisional achievement of these performance goals. For 2001, bonus targets for executive officers were based upon earnings before interest, taxes, and depreciation (EBITDA) objectives for the Company or for particular business divisions. The bonus target for Mr. Swanson was based upon EBITDA for the Company. All of the officers, including Mr. Swanson, received bonuses for 2001. The Company and certain of its divisions exceeded their 2001 EBITDA objectives, resulting in certain of the Company's officers, including Mr. Swanson, receiving bonuses for 2001 in excess of target. One of the Company's divisions did not achieve its 2001 EBITDA objective, resulting in certain of the Company's officers receiving bonuses for 2001 below target.

**Stock Options.** The Company makes certain stock-based awards under the 2001 Equity Participation Plan to align better the interests of executive officers with those of stockholders. The Compensation Committee annually reviews competitive market data to determine appropriate stock awards based on the executive's position, performance and ability to contribute in the future and on the market value of the stock. In addition, the Compensation Committee considers previous stock grants when determining grant size for executive officers. Under the 2001 Equity Participation Plan, the Company has granted stock options, which vest over multiple years at the fair market value of the common stock on the date of grant.

#### INDEMNIFICATION AGREEMENTS

We have entered into indemnification agreements with each of our directors and executive officers, including the named executive officers. Those agreements require us to indemnify the directors and officers and to advance expenses in connection with certain claims against directors and officers. The indemnification provisions contained in these agreements are in some respects broader than the specific indemnification provisions contained in the Delaware General Corporation Law. We expect to enter into similar agreements with persons selected to be directors and executive officers in the future.

#### EXECUTIVE AGREEMENTS

These agreements provide protection in the event of a qualified termination, which is defined as an involuntary termination of the executive officer by us other than for cause or a voluntary termination by the executive for good reason after a change of control of our company. If the qualified termination occurs during

the 24-month period following a change of control, the agreements provide for a lump sum payment to the executive officer based on the executive officer's base salary and target annual bonus amount. In addition, with respect to such a qualified termination, the agreements provide that all restricted stock awards will become vested, that all restrictions on such awards will lapse and that outstanding stock options will vest and, except for incentive stock options granted prior to the completion of our initial public offering, remain exercisable for the remainder of their terms. The executive officer will also be entitled to health benefits, vesting of all deferred compensation amounts, outplacement services and to be made whole for any excise taxes incurred with respect to severance payments that are excess parachute payments under the Internal Revenue Code. If a qualified termination occurs other than during the 24-month period following a change of control, the executive agreements provide for payments based on the executive officer's base salary and target annual bonus amount, that all restrictions on restricted stock awards will lapse and for continued health benefits.

The executive agreements have an initial term of three years and will be extended automatically for one additional day on a daily basis for a maximum additional period of three years, unless notice of non-extension is given, in which case the agreement will terminate on the third anniversary of the date notice is given. To receive benefits under the executive agreement, the executive officer will be required to execute a release of certain employment-related claims against us. Certain terms of the executive agreements are summarized below.

Douglas E. Swanson. Under the terms of Mr. Swanson's executive agreement, he will be entitled to receive a lump sum payment equal to three times his base salary and target annual bonus amount if a qualified termination occurs during the 24-month period following a change of control. If a qualified termination occurs other than during the 24-month period following a change of control, Mr. Swanson will be entitled to receive a lump sum payment equal to two times his base salary and target annual bonus amount. In addition, Mr. Swanson's entire restricted stock award will vest upon Mr. Swanson's death, if there is a change in control of our company or if Mr. Swanson's employment is terminated for a

reason that entitles him to receive benefits under any of our long term disability plans or if Mr. Swanson experiences a qualified termination in the absence of a change of control.

Cindy B. Taylor. Under the terms of Ms. Taylor's executive agreement, she will be entitled to receive a lump sum payment equal to two and a half times her base salary and target annual bonus amount if a qualified termination occurs during the 24-month period following a change of control. If a qualified termination occurs other than during the 24-month period following a change of control, Ms. Taylor will be entitled to receive a lump sum payment equal to one and a half times her base salary and target annual bonus amount.

All Other Named Executive Officers. Under the terms of each other named executive officer's executive agreement, the named executive officer will be entitled to receive a lump sum payment equal to two times his base salary and target annual bonus amount if a qualified termination occurs during the 24-month period following a change of control. If a qualified termination occurs other than during the 24-month period following a change of control, the executive officer will be entitled to receive a lump sum payment equal to his base salary and target annual bonus amount.

CHANGE OF CONTROL SEVERANCE PLAN

We have also adopted a change of control severance plan for selected key management employees. Under the terms of this plan, if a qualified termination occurs during the 12-month period following a change of control, specified key management employees, other than our named executive officers, will be entitled to receive a lump sum payment equal to a multiple ranging from one-half to two times their respective annual base salaries and corresponding portions of their target annual bonus amount. In addition, the terminated key management employees will be entitled to health benefits and outplacement services. No key management employee will be entitled to severance benefits under this plan following a change of control if the employee is offered comparable employment with the acquiring entity. To receive benefits under this plan, the terminated key management employees will be required to execute a release of certain employment-related claims against us.

#### TRANSACTIONS BEFORE THE COMBINATION

##### TRANSACTIONS WITH OUR DIRECTORS AND OFFICERS

L.E. Simmons, the Chairman of our board of directors, is also the majority owner, Chairman of the Board and President of L.E. Simmons & Associates, Incorporated, the ultimate general partner of SCF, our majority shareholder. Andrew L. Waite, one of our directors, is also a Managing Director and an officer of L.E. Simmons & Associates, Incorporated. Cindy B. Taylor, our Chief Financial Officer, was also the Chief Financial Officer of L.E. Simmons & Associates, Incorporated from August 1999 until May 2000. As a majority shareholder of each of Oil States, HWC and Sooner prior to the Combination, SCF was involved in a number of transactions with each of these companies in 2001, as described further below.

During 2001, the Company engaged the law firm, with whom Mr. Lambert is a partner, in connection with a potential acquisition of a Canadian company and incurred fees of approximately \$240,000 through December 31, 2001.

##### TRANSACTIONS WITH SIGNIFICANT SHAREHOLDERS

Oil States. In December 1998, Oil States declared a \$25.0 million dividend to the holders of Oil States common stock in the form of a subordinated note payable to SCF-III, L.P., acting as agent for such holders.

The entire balance of principal and accrued interest totaling \$28.2 million for this note was extinguished as a result of the SCF Exchange and the use of a

portion of the proceeds from our initial public offering in February 2001. SCF-III, L.P. received approximately 85% of the payments made on such note.

Between May 1996 and June 1997, Oil States issued three subordinated promissory notes, totaling \$10.9 million, to entities affiliated with Hunting Oilfield Services (International), Ltd. in connection with the acquisition of assets. Prior to the Combination, an affiliate of Hunting Oilfield Services was the holder of greater than 5% of the common stock of Oil States. We paid the entire balance of \$10.9 million plus accrued interest of \$1.9 million with proceeds from our initial public offering.

HWC. In April 1999, HWC issued 2,000 shares of its Series A Convertible Preferred Stock to SCF for an aggregate purchase price of \$2.0 million. In connection with the Combination, SCF converted the preferred stock, including accrued but unpaid dividends through June 30, 2000, into shares of HWC common stock, which were then converted into 751,610 shares of our common stock.

In November 1999, HWC issued 2,650 shares of its Series B Convertible Preferred Stock to SCF for an aggregate purchase price of \$2.7 million. In connection with the Combination, SCF converted the preferred stock, including accrued but unpaid dividends through June 30, 2000, into shares of HWC common stock, which were then converted into 954,010 shares of our common stock.

Sooner. In July 1998, Sooner issued to SCF a junior subordinated promissory note in the original principal amount of \$15.1 million, 15,137 shares of common stock and 15,137 warrants to purchase common stock in return for \$30.2 million from SCF. In May and June 1999, Sooner issued additional promissory notes to SCF in the aggregate principal amount of \$6.3 million, 6,250 shares of common stock and 6,250 warrants to purchase common stock in return for \$12.5 million from SCF. These notes were extinguished as a result of the SCF Exchange and the use of a portion of the proceeds from our initial public offering. As of February 9, 2001, the outstanding balance owed to SCF, including principal and accrued interest, was \$24.5 million.

In 1998 and 1999, Sooner issued warrants to SCF to purchase shares of Sooner common stock. In connection with the Combination, the SCF warrants were exchanged on a cashless basis for shares of Sooner common stock, which were then converted into 2,705,363 shares of our common stock.

#### REGISTRATION RIGHTS

Former Shareholders of Oil States, HWC, Sooner and PTI. We have entered into an amended and restated registration rights agreement with SCF, other stockholders of Oil States and the former shareholders of HWC and Sooner that held registration rights with respect to their shares of common stock of these companies. This agreement gives SCF the right, on five occasions, to demand that we register all or any portion of their shares of our common stock for sale under the Securities Act. The shares to be included in any demand registration by SCF must have an estimated aggregate gross offering price of at least \$50.0 million. Despite a registration demand by SCF, we may delay filing of the registration statement to register its shares of our common stock for a maximum of 45 days from the date we receive the registration demand if:

- at the time we receive the registration demand, we are engaged in confidential negotiations or other confidential business activities that we would be required to disclose in the registration statement and that we would not otherwise be required to disclose, and our board of directors determines in good faith that such disclosure would not be in our best interests or the best interests of our stockholders; or
- prior to receiving the registration demand, our board of directors has determined to undertake a registered public offering of our securities and we have taken substantial steps and are proceeding with reasonable diligence to effect the offering.

In addition, SCF may not require us to file a registration statement within 180 days after the effectiveness of a registration statement related to a demand registration made by SCF. Further, if we propose to register any of our common stock under the Securities Act, except for shares of common stock issued in connection with acquisitions and benefits plans, or if SCF exercises a demand, the other holders of registration rights under the registration rights agreement will have the right to include their shares of common stock in the registration,

subject to limitations. The registration rights agreement also gives the holders of the exchangeable shares of our Canadian subsidiary the right to register their shares of our common stock issuable upon the exchange of the exchangeable shares in the registration, subject to the same limitations.

The agreement provides customary registration procedures. We have agreed to pay all costs and expenses, other than fees, discounts and commissions of underwriters, brokers and dealers and capital gains, income and transfer taxes, if any, related to the registration and sale of shares of our common stock by any holder of registration rights under the registration rights agreement in any registered offering. The rights of the holders of registration rights under the registration rights agreement are assignable under limited circumstances and terminate, other than the demand rights held by SCF, at any time when they and their affiliates own less than 2% of our outstanding common stock and are eligible to sell such common stock pursuant to Rule 144(k) under the Securities Act or, in the case of the former shareholders of PTI, when a registration statement for their benefit has been declared effective by the Securities and Exchange Commission. The demand rights held by SCF terminate on the tenth anniversary of the agreement.

The registration rights agreement contains customary indemnification and contribution provisions by us for the benefit of the selling stockholders and any underwriters. Each selling stockholder has agreed to indemnify us and any underwriter solely with respect to information provided by the stockholder, with such indemnification being limited to the net proceeds from the offering received by the stockholder.

Former Shareholders of PTI. We have agreed with the former shareholders of PTI that if any of our shares of common stock to be issued to them in exchange for the exchangeable shares of our Canadian subsidiary require us to take any action under any Canadian or United States law before those shares of common stock may be issued or in order that those shares of common stock may be freely traded after issuance, other than any restrictions on transfer by reason of a holder being a "control person" under Canadian law or an "affiliate" under United States law, we will, beginning after the first anniversary date of the closing of our initial public offering or earlier under limited circumstances, take all such actions as are necessary and permitted by law.

#### CONFLICTS OF INTEREST

Generally, directors and officers have a fiduciary duty to manage their company in a manner beneficial to the company and its stockholders. Two of our directors, L.E. Simmons and Andrew L. Waite, are current directors or officers of L.E. Simmons & Associates, Incorporated, the ultimate general partner of SCF. An action beneficial to the general partner of SCF may be detrimental to our interests, which may create conflicts of interest. Although we have not adopted formal procedures to address actions by our board of directors when one or more directors have a conflict of interest, we anticipate that directors who have a conflict of interest in a matter would disclose to our other directors that there is a conflict. Depending on the facts and circumstances, our conflicted directors may or may not participate in discussions regarding the matter, and we anticipate that our conflicted directors would recuse themselves from voting on that matter.

#### PROPOSAL 2:

##### APPOINTMENT OF AUDITORS

Pursuant to the recommendation of the Audit Committee, the Board of Directors appointed Ernst & Young LLP, independent public accountants, to audit the consolidated financial statements of the Company for the year ending December 31, 2002. Ernst & Young LLP has audited the Company's consolidated financial statements since May 2000. In the event the appointment is not

ratified, the Board of Directors will consider the appointment of other independent auditors. Representatives of Ernst & Young LLP are expected

17

to be present at the Annual Meeting and will be offered the opportunity to make a statement if such representatives desire to do so. The representatives of Ernst & Young LLP will also be available to answer questions and discuss matters pertaining to the Report of Independent Auditors contained in the financial statements in the Company's Annual Report on Form 10-K.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF THIS APPOINTMENT.

PROPOSAL 3:

APPROVAL OF THE 2001 EQUITY PARTICIPATION PLAN

The Board of Directors recommends that the stockholders approve the Oil States International, Inc. 2001 Equity Participation Plan (the "Plan"), as amended and restated effective February 19, 2002.

The Plan is our only equity compensation plan. It plays an important role in our efforts to attract and retain employees and directors of outstanding ability on a basis competitive with market practices, and to align the interests of employees and directors with those of stockholders through an increased equity stake in the Company. Approval of the Plan is being sought in order that compensation resulting from awards under the Plan will be fully deductible by the Company under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") until 2007.

Although this discussion summarizes the principal terms and conditions of the Plan, it does not purport to be complete and is qualified in its entirety by reference to the Plan which is attached as Appendix B to this Proxy Statement.

PURPOSE

The purpose of the Plan is to provide a means whereby certain employees, directors, consultants, and advisors of the Company and its subsidiaries or affiliates may acquire and maintain stock ownership in the Company, thereby strengthening their concern for the financial welfare of the Company and its subsidiaries.

ADMINISTRATION

The Plan is administered by the Compensation Committee or any successor committee appointed by the Board of Directors to administer the Plan (the "Committee"). Subject to the express terms of the Plan, the Committee has the authority to determine which individuals will be granted awards, make awards, set the terms of awards (including price, exercise, vesting and other rights), and upon the occurrence of certain events specified in the Plan, terminate the restrictions imposed on a deferred stock award or restricted stock award, and make adjustments to awards. Further, the Committee is authorized to interpret the Plan and the agreements entered into under the Plan and adopt such rules and regulations, consistent with the provisions of the Plan, to implement and carry out the Plan. All actions taken and interpretations and determinations made by the Committee in good faith are conclusive and binding on the Company and all persons having an interest in the Plan or any award issued under it. The Board of Directors may exercise any of the Committee's rights and duties under the Plan at any time, except with respect to matters which under Rule 16b-3 or Section 162(m) of the Code or any regulations or rules issued thereunder, are required to be determined in the sole discretion of the Committee.

ELIGIBILITY

Awards may be granted to any individuals who, at the time of the grant, are officers or other employees of, or consultants to, the Company or its subsidiaries or affiliates. In addition, as described above under the caption "Compensation of Directors," our directors have been and will continue to be granted options under the Plan. Except with respect to grants to directors, eligibility to participate is determined by the Committee in its sole discretion.

## SHARES SUBJECT TO THE PLAN

Initially, up to 3,700,000 shares of common stock were authorized for issuance under the Plan. The Board of Directors has approved an amendment and restatement of the Plan that, subject to stockholder approval, would increase by 2,000,000 the number of shares of common stock that may be issued under the Plan to 5,700,000. If stockholder approval is not obtained, the Plan will continue as in effect immediately prior to the amendment and restatement, and any awards with respect to such 2,000,000 additional shares will be canceled.

The number of shares subject to awards under the Plan is subject to adjustment by the Committee in the event of changes in the outstanding common stock by reason of stock dividends, stock splits, recapitalizations, reorganizations, mergers, consolidations, combinations, exchanges and certain other changes in capitalization. If any option, or other right to acquire shares of common stock issued under any other award under the Plan, expires or is cancelled without having been fully exercised, or having been exercised in whole or in part in exchange for a cash payment to the employee or consultant instead of an issuance of shares as permitted by the Plan, the shares subject to the award but as to which such award was not exercised or was exercised for cash will again be available for the grant of an award under the Plan.

## AWARDS

Under the terms of the Plan, the Committee may grant options, restricted stock awards, deferred stock awards, performance awards, dividend equivalents or stock payments. Options may consist of either "incentive stock options," as defined in Section 422 of the Code, or nonqualified stock options. The maximum number of shares of common stock that may be subject to options, restricted stock or deferred stock granted to any one individual in any calendar year may not exceed 400,000 shares of common stock (subject to certain adjustment for mergers, recapitalizations, stock splits and other changes in the common stock). The maximum value of performance awards granted under the Plan to any individual in any calendar year may not exceed \$2.5 million.

Options. Options are evidenced by option agreements, which provide the terms and conditions upon which options are granted and may be exercised. The Committee sets the term of each option at the time of the grant and includes other provisions in the option agreement which it approves and which are not inconsistent with the provisions of the Plan. An option may be exercisable in whole or in installments, as determined by the Committee. The Committee may require that a partial exercise must be with respect to a minimum number of shares. The term of an option is set by the Committee in its discretion; however, the term of options granted to directors must be 10 years, and the term of incentive stock options cannot exceed 10 years (or 5 years, in the case of incentive stock options granted to an individual owning 10% of the combined voting power of all classes of stock of the Company and any subsidiary). Each option agreement specifies the time that the option vests, except that options granted to directors must become exercisable in cumulative annual installments of 25% on each of the first, second, third, and fourth annual meetings of stockholders of the Company following the date the option is granted (except for options granted at the time of our initial public offering which vest on the anniversary of the date of grant). At any time after the grant of any option, the Committee may, in its sole discretion and subject to whatever terms and conditions it selects, accelerate the period during which an option vests.

Options granted to directors may not be exercised after the first to occur of (1) the expiration of 12 months after the director's death, (2) the expiration of 12 months from the date of the director's ceasing to be a director by reason of his permanent and total disability, (3) the expiration of three months from the date the director ceases to be a director for any reason other than death or permanent and total disability, unless the director dies within such three month period, or (4) the expiration of ten years from the date the option was granted. Options granted to Employees who are not directors or to consultants may include provisions governing the exercise of options subsequent to termination of employment or consultancy, in the Committee's discretion.

The Committee determines the price at which a share of common stock may be purchased upon exercise of an option, but such price may not be less than the fair market value of a share of common stock on the date

the option is granted. The option price is subject to certain adjustment for

mergers, recapitalizations, stock splits and other changes in the common stock. Upon exercise, the purchase price for the option or the portion thereof being exercised must be paid in full in the manner prescribed by the Committee. An option agreement may provide for the payment of the option price, in whole or in part, by the delivery of a number of shares of common stock, or the surrender of shares of common stock then issuable on the exercise of the option (plus cash if necessary), having a fair market value equal to the option price. The option agreement may also provide for payment in whole or in part through the delivery of any property that constitutes good and valuable consideration, or through the delivery of a full recourse promissory note bearing interest and payable upon such terms as determined by the Committee. However, the option may not be exercised by delivery of a promissory note where prohibited by law. The terms and conditions of the respective option agreements need not be identical.

The Committee may set forth in each option agreement such restrictions on the ownership and transferability of shares purchased pursuant to options as it deems appropriate. These restrictions may impose on the optionee a duty to notify the Company of the disposition of shares of common stock acquired pursuant to incentive stock options within certain time frames specified in the Plan.

Incentive stock options may only be granted to individuals who are employees of the Company or any parent or subsidiary corporation (as defined in Section 424 of the Code) of the Company at the time the option is granted. To the extent that the aggregate fair market value (determined at the time the respective Incentive Stock option is granted) of common stock with respect to which incentive stock options are exercisable for the first time by an individual during any calendar year under all incentive stock option plans of the Company and its parent and subsidiary corporations exceeds \$100,000, such incentive stock options shall be treated as nonqualified stock options. An incentive stock option may not be granted to an individual if, at the time the option is granted, the individual owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or of its parent or subsidiary corporation, within the meaning of Section 422(b)(6) of the Code, unless such incentive stock option conforms to the applicable provisions of Section 422 of the Code. Any option granted as an incentive stock option under the Plan may be modified by the Committee to disqualify such option from treatment as an "incentive stock option" under Section 422 of the Code.

Restricted Stock Awards. Under the Plan, the Company may grant employees and consultants awards of restricted stock consisting of shares of common stock that are issued but subject to such restrictions as the Committee may provide, including, without limitation, restrictions concerning voting rights and transferability and forfeiture restrictions based on duration of employment with the Company, and Company and individual performance. The Committee determines the other terms and conditions that will apply to any restricted stock award, which may include the achievement of Performance Objectives (as described below). The terms, conditions, and restrictions applicable to a restricted stock award will be set forth in a restricted stock agreement made in conjunction with the award and, subject to the provisions of the Plan, are determined by the Committee in its sole discretion. The terms of restricted stock awards under the Plan need not be identical. After the restricted stock is issued, the Committee may, on such terms and conditions as it deems appropriate, remove any or all of such restrictions, provided the award is not intended to "qualify" as performance-based compensation under Section 162(m) of the Code.

Unless otherwise provided by the Committee, holders of common stock subject to a restricted stock award have the right to receive dividends with respect to such stock, to vote the stock, and to exercise all other rights of a stockholder with respect thereto, except that shares of restricted stock may not be sold, transferred, pledged or otherwise assigned until all restrictions are terminated or expire. Further, any shares of common stock issued as a distribution on shares of restricted stock shall be subject to the terms set forth in the restricted stock agreement under which such shares of restricted stock were issued.

Stock certificates reflecting shares of restricted stock cannot be delivered until the applicable restrictions have expired or been removed, and the Secretary of the Company or such other escrow holder as the Committee may appoint will retain custody of such stock certificates until such time.

Performance Awards. The Company may grant performance awards to employees

or consultants selected by the Committee. The value of such performance awards may be linked to the achievement of such specific Performance Objectives (as described below) determined to be appropriate by the Committee over any period or periods determined by the Committee. In making such determinations, the Committee will consider (among such other factors as it deems relevant in light of the specific type of award) the contributions, responsibilities and other compensation of the particular employee or consultant.

**Dividend Equivalents.** The Company may grant dividend equivalents to any employee or consultant selected by the Committee based on the dividends declared on the common stock, to be credited as of dividend payment dates, during the period between the date an option, deferred stock award or performance award is granted, and the date such option, deferred stock award or performance award is exercised, vests or expires, as determined by the Committee. Such dividend equivalents shall be converted to cash or additional shares of common stock by such formula and at such time and subject to such limitations as may be determined by the Committee.

**Stock Payments.** The Company may make stock payments to any employee or consultant selected by the Committee in the manner determined from time to time by the Committee. The number of shares shall be determined by the Committee and may be based upon the fair market value, book value, net profits or other measure of the value of common stock or other specific performance criteria determined appropriate by the Committee, determined on the date such stock payment is made or on any date thereafter.

**Deferred Stock Award.** The Company may grant a deferred stock award to any employee or consultant selected by the Committee in the manner determined from time to time by the Committee. The number of shares of deferred stock shall be determined by the Committee and may be linked to the achievement of such specific performance objectives determined to be appropriate by the Committee over any period or periods determined by the Committee. Common stock underlying a deferred stock award will not be issued until the deferred stock award has vested, pursuant to a vesting schedule or Performance Objectives (as described below) set by the Committee, as the case may be. Unless otherwise provided by the Committee, a recipient of deferred stock shall have no rights as a Company stockholder with respect to such deferred stock until such time as the award has vested and the common stock underlying the award has been issued.

Each performance award, dividend equivalent, and deferred stock award, and/or stock payment will be evidenced by an agreement setting forth the terms and conditions that apply to such award. Such awards are exercisable or payable only while the recipient is an employee or consultant. However, the Committee may determine that any such award may be exercised or paid subsequent to termination of employment or termination of consultancy without cause, or following a change in control of the Company, or because of the recipient's retirement, death or disability, or otherwise. Payment of dividend equivalents or stock payments may be made in cash, common stock or a combination of both so long as any payment in common stock is made in accordance with the Plan's general requirements relating to issuance of shares of common stock pursuant to the exercise of options.

#### PERFORMANCE OBJECTIVES

Awards under the Plan intended to qualify as performance based compensation under Section 162(m)(4)(C) of the Code will be subject to any additional limitations set forth in Section 162(m) of the Code and any applicable regulations or rulings thereunder that are requirements for such awards to so qualify. Specifically, but not by way of limitation, awards under the Plan, other than stock options, may be linked to the achievement of objectives (the "Performance Objectives"), if any, established by the Committee, which may be described in terms of Company-wide objectives, in terms of objectives that are related to performance of a division, subsidiary, department or function within the Company or an affiliate in which the Plan participant receiving the award is employed or in individual or other terms, and which will relate to the period of time determined by the Committee. The Performance Objectives intended to qualify under Section 162(m) of the Code will be with respect to one or more of the following: (i) net income; (ii) pre-tax income; (iii) operating income; (iv) cash flow; (v) earnings per share; (vi) earnings before any one or more of the following items: interest, taxes, depreciation or amortization; (vii) return on equity;

(viii) return on invested capital or assets; (ix) cost reductions or savings; (x) funds from operations and (xi) appreciation in the fair market value of the Company's common stock. The Committee shall determine, in its discretion at the time of an award, which objectives to use with respect to an award, the weighting of the objectives if more than one is used, and whether the objective is to be measured against a Company-established budget or target, an index or a peer group of companies. A Performance Objective need not be based on an increase or a positive result and may include, for example, maintaining the status quo or limiting economic losses.

#### ADJUSTMENTS ON CHANGES IN CAPITALIZATION, MERGER OR SALE OF ASSETS

If the Company pays a stock dividend or other distribution on common stock, or if the Company recapitalizes, reclassifies its capital stock, effects a stock split, merger, consolidation or otherwise changes its capital structure or if the Company sells, transfers, exchanges or otherwise disposes of all or substantially all of the assets of the Company or engages in any similar corporate transaction or event (a "Corporate Transaction"), the Committee has discretion to take any or all of the following actions, if it determines that such action is appropriate to prevent dilution or enlargement of the benefits or potential benefits to be made available under the Plan or with respect to an award previously made under the Plan: (a) adjust the number and kind of shares of common stock (or other securities or property) with respect to which awards may be made under the Plan, adjust the limits on the number of shares of common stock issuable under the Plan, and/or adjust the award limits applicable to grants of awards to individuals; (b) adjust the number and kind of shares of common stock subject to outstanding awards, and/or (c) adjust the grant or exercise price with respect to any option, performance award, dividend equivalent or stock payment.

If any Corporate Transaction results in shares of common stock being exchanged for or converted into cash, securities (including securities of another corporation) or other property, the Committee may terminate the Plan as of the date of such transaction and all awards will become the right to receive such cash, securities or other property, net of any exercise price.

In the event of any Corporate Transaction or any unusual or nonrecurring transactions or events affecting the Company, any of its affiliates, or the financial statements of the Company or any of its affiliates, or any changes in applicable laws, regulations or accounting principles, the Committee has discretion to take any or all of the following actions, in its discretion and on terms and conditions it deems appropriate, if it determines that such action is appropriate to prevent dilution or enlargement of the benefits or potential benefits to be made available under the Plan or with respect to an award previously made under the Plan: (i) provide automatically, or on the optionee's or grantee's request, for the purchase of any such award for an amount of cash that could have been attained upon the exercise of such award or realization of the optionee's or grantee's rights thereunder had the award been currently exercisable or payable, or the replacement of the award with other rights or property selected by the Committee in its discretion; (ii) provide either in the terms of an award or by action taken prior to such transaction or event, that it cannot be exercised after such transaction or event; (iii) provide either in the terms of an award or by action taken prior to such transaction or event, that for a specified period of time prior to such transaction or event, the award will be exercisable as to all shares covered thereby notwithstanding anything to the contrary in the award agreement or the Plan; (iv) provide either in the terms of an award or by action taken prior to such transaction or event, that upon such transaction or event, such award will be assumed by the successor corporation or parent or subsidiary thereof or will be substituted by similar options, rights or awards covering stock of the successor corporation or parent or subsidiary thereof, with appropriate adjustments to the number and kind of shares and prices; (v) adjust the number and type of shares of common stock subject to outstanding awards and the terms and conditions of future awards; (vi) provide either in the terms of an award of restricted stock or deferred stock or by action taken prior to such transaction or event, that for a specified period of time prior to such event, the restrictions imposed on such an award or on some or all shares of restricted stock or deferred stock may be terminated; and (vii) make adjustments to the Performance Objectives of any outstanding award.

Notwithstanding any of the powers described above, except to the extent that an award agreement specifies to the contrary, in the event of a change of control of the Company, all outstanding awards will automatically become fully vested immediately prior to such change of control (or such earlier time as set by

the Committee), and all restrictions, if any, applicable to such awards will lapse, and all performance criteria, if any, with respect to such awards will be deemed to have been met at their target level.

If an award is intended to qualify as performance based compensation under Section 162(m) of the Code, except for any actions required to be taken in the event of a change of control of the Company, as described above, no action may be taken or adjustment made to the extent it would cause such award to fail to qualify under Section 162(m) of the Code or any successor thereto.

#### AMENDMENT AND TERMINATION OF THE PLAN

The Board of Directors or the Committee may amend the Plan at any time, except it may not change any award previously granted under the Plan in a manner that would impair the rights of an optionee or grantee without the optionee's or grantee's consent (unless the award agreement specifies otherwise). Further, the Committee may not, without approval of the Company's stockholders (but subject to the Committee's right to make adjustments in the event of changes in the outstanding common stock by reason of stock dividends, stock splits, recapitalizations, reorganizations, mergers, and certain other changes in capitalization), amend the Plan to increase the maximum aggregate number of shares of common stock issuable under the Plan or reduce the exercise price of an option or take action that would otherwise require stockholder approval.

No awards may be granted after the Plan has terminated or while the Plan is suspended. No incentive stock option may be granted under the Plan after February 7, 2011.

#### FEDERAL INCOME TAX CONSEQUENCES

The following is a brief description of the federal income tax consequences generally arising with respect to awards under the Plan and is intended for the information of stockholders to consider with respect to their vote on the Plan and not as tax guidance to participants under the Plan. Participants under the Plan should consult their own tax advisors regarding the specific tax consequences of participation in the Plan, including the application of any state and local tax laws which may differ from federal tax treatment and the effect of other state and local laws, including community property laws.

**Nonqualified Stock Options.** As a general rule, no federal income tax is imposed on the optionee upon the grant of a nonqualified stock option. Except as described below under the caption "Potential Income Tax Consequences of Section 16(b) Liability," upon the exercise of a nonqualified stock option, the optionee will be treated as receiving compensation taxable as ordinary income in the year of exercise in an amount equal to the excess of the fair market value of the shares of common stock at the time of exercise over the option price paid for those shares of common stock. There is no item of tax preference upon such exercise. Upon a subsequent taxable disposition of the shares received upon exercise of a nonqualified stock option, any difference between the fair market value of the shares at the time of exercise and the amount realized on the disposition would be treated as capital gain or loss. Upon an optionee's exercise of a nonqualified stock option, the Company may claim a deduction for compensation paid at the same time and in the same amount as compensation income is recognized to the optionee provided the Company timely satisfies any federal income tax reporting requirements.

**Incentive Stock Options.** No federal income tax is imposed on the optionee upon the grant or exercise of an incentive stock option, except as described below under the caption "Alternative Minimum Tax." If the optionee does not dispose of shares acquired pursuant to the exercise of an incentive stock option within the later of two years after the date the option was granted or within one year after exercise, the difference between the option price and the amount realized on a subsequent taxable disposition of the shares would be treated as capital gain or loss. In this event, the Company would not be entitled to any deduction in connection with the grant or exercise of the option or the disposition of the shares so acquired.

If, however, an optionee disposes of shares acquired pursuant to his exercise of an incentive stock option prior to the end of the two-year or one-year holding period noted above, the disposition would be treated as a disqualifying disposition. The optionee would be treated as having received, at the time of disposition, compensation taxable as ordinary income equal to the

excess of the fair market value of the shares at the time

23

of exercise (or, in the case of a sale in which a loss would be recognized, the amount realized on such sale) over the option price, and any amount realized in excess of the fair market value of the shares at the time of exercise would be treated as capital gain. In such event, the Company may claim a deduction for compensation paid at the same time and in the same amount as compensation is treated as received by the optionee provided the Company timely satisfies any federal income tax reporting requirements.

**Alternative Minimum Tax.** The excess of the fair market value of a share of common stock acquired upon the exercise of an incentive stock option over the option price paid for those shares of common stock must be included in the optionee's alternative minimum taxable income for the year in which the exercise occurs. If, however, the optionee exercises the incentive stock option and disposes of the shares of common stock acquired upon that exercise in the same taxable year and the amount realized is less than the fair market value of the shares on the exercise date, the amount included in the optionee's alternative minimum taxable income will not exceed the amount realized over the adjusted basis of the common stock.

**Payment of Option Price in Stock.** In the case of a nonqualified stock option, if the option price is paid by the delivery of shares of common stock previously acquired by the optionee having a fair market value equal to the option price ("Previously Acquired Stock"), gain or loss would not be recognized on the exchange of the Previously Acquired Stock for a like number of shares pursuant to the exercise of the option. The optionee's basis and holding period in the number of shares of common stock received equal to the Previously Acquired Stock would be the same as his basis and holding period in the Previously Acquired Stock. The optionee would, however, be treated as receiving compensation taxable as ordinary income equal to the fair market value on the date of exercise of the shares of common stock received in excess of the number of shares of Previously Acquired Stock, and the optionee's basis in such excess shares would be equal to their fair market value at the time of exercise, and his holding period would begin on the date of exercise except as described below under the caption "Potential Income Tax Consequences of Section 16(b) Liability."

In the case of an incentive stock option, the federal income tax consequences to the optionee of the payment of the option price with Previously Acquired Stock will depend on the nature of the Previously Acquired Stock. If the Previously Acquired Stock was acquired through the exercise of an incentive stock option or an option granted under a qualified employee stock purchase plan (a "Statutory Option") and if the Previously Acquired Stock is being transferred prior to the expiration of the applicable minimum statutory holding period, the transfer would be treated as a disqualifying disposition of the Previously Acquired Stock. If the Previously Acquired Stock was acquired other than pursuant to the exercise of a Statutory Option, or was acquired pursuant to the exercise of a Statutory Option but has been held for the applicable minimum statutory holding period, no gain or loss would be recognized on the exchange. In either case, (i) the optionee's basis and holding period in the number of shares received equal to the number of shares of Previously Acquired Stock exchanged is the same as his basis and holding period in the Previously Acquired Stock, with such basis increased by any income recognized upon the disqualifying disposition of the Previously Acquired Stock, (ii) the optionee's basis in the shares received in excess of the number of Previously Acquired Stock is zero and his holding period begins on the date of exercise, and (iii) the other incentive stock option rules would apply.

**Payment of Withholding in Stock.** In the case of a nonqualified stock option, if the federal or state income tax withholding required with respect to the exercise of an option is paid by the surrender of shares of Previously Acquired Stock having a fair market value equal to the amount of such withholding, any difference between the fair market value of the Previously Acquired Stock at the time of surrender and the adjusted basis of the Previously Acquired Stock would generally be treated as a capital gain or loss. If the Previously Acquired Stock was acquired through the exercise of a Statutory Option and if the Previously Acquired Stock is being surrendered prior to the expiration of the applicable minimum statutory holding period, the surrender would be treated as a disqualifying disposition of the Previously Acquired Stock. If the federal or state income tax withholding required with respect to the exercise of a nonqualified stock option is paid instead by withholding from

the total number of shares of common stock exercised a number of shares of common stock having a fair market value equal to the amount of such withholding, although there is no clear authority at this time, it is likely that the optionee would be treated as having fully exercised the option with the same tax

treatment as described above with respect to the exercise of an option for cash and having subsequently sold the withheld shares to the Company with no gain or loss recognized on such sale.

**Potential Income Tax Consequences of Section 16(b) Liability.** If shares of common stock are received upon the exercise of a nonqualified stock option by an optionee who is subject to liability under Section 16(b) of the 1934 Act, recognition of the compensation attributable to such exercise may under certain circumstances be postponed so long as a sale at a profit of the shares so acquired could subject the optionee to suit under Section 16(b) of the 1934 Act, but not for more than six months. One effect of any postponement would be to measure the amount of compensation taxable to the optionee as ordinary income by reference to the fair market value of such shares at the time such liability to suit under Section 16(b) of the 1934 Act no longer exists (rather than at the earlier date of exercise of the option). Similarly, the fair market value of the shares at that time would become the optionee's basis in the shares for purposes of computing gain or loss upon a subsequent disposition, and the optionee's holding period for the shares would date from that time. An optionee may, however, elect with respect to such shares, pursuant to Section 83(b) of the Code, to recognize the compensation attributable to such exercise at the time of such exercise, in which case his tax treatment would be as described above under the caption "Nonqualified Stock Options." Such election must be made not later than 30 days after the date such shares are transferred to the optionee and is irrevocable.

**Restricted Stock Awards.** A grantee of a restricted stock award who does not elect to be taxed at the time of the grant will not recognize taxable income at the time of grant, and the Company will not be entitled to a deduction until the termination of the forfeiture restrictions with respect to the restricted stock. Upon termination of the forfeiture restrictions, the grantee will recognize ordinary income in an amount equal to the fair market value of the shares at such time, and the Company, subject to Section 162(m) of the Code, will be entitled to a corresponding deduction, provided the Company timely satisfies any federal income tax reporting requirements. Dividends and distributions (or the cash equivalent thereof) with respect to a grant of restricted stock paid to the grantee before the termination of the forfeiture restrictions will also be compensation income to the grantee when paid and, subject to Section 162(m) of the Code, deductible as such by the Company, provided, if paid in the form of Company Stock, the Company timely satisfies any federal income tax reporting requirements. The grantee of a restricted stock award may elect under Section 83(b) of the Code to be taxed at the time of grant of the restricted stock award on the market value of the shares of common stock, in which case the Company will be entitled to a deduction at the same time and in the same amount, provided the Company timely satisfies any federal income tax reporting requirements, and there will be no further federal income tax consequences with respect to the grant of the restricted stock when the forfeiture restrictions terminate and any gain or loss upon subsequent disposition of the common stock will be capital gain or loss. All dividends or distributions with respect to restricted stock for which such an election has been made and which are paid to the grantee before the termination of the forfeiture restrictions will be taxable as dividend income to the grantee when paid and not deductible by the Company. Upon making this election, these tax consequences are irreversible. Thus, if a forfeiture subsequently occurs, the grantee is not entitled to a deduction as a consequence of the forfeiture and the Company must include as ordinary income the amount it previously deducted in the year of the grant with respect to such shares.

**Stock Payments.** If a stock payment is paid in common stock, the grantee will realize ordinary income during the year of payment. Such taxable income will be based on the fair market value of the stock payment at the payment date. When the stock payment is paid in the form of common stock, subject to Section 162(m) of the Code, the Company is also entitled to a compensation deduction, provided the Company timely satisfies any federal income tax reporting requirements. If a stock payment is paid in the form of an option, such option may be an incentive stock option or a nonqualified stock option. Tax treatment of such forms of payment is as described above under "Incentive Stock Options" or "Nonqualified Stock Options."

Dividend Equivalents. A dividend equivalent paid with respect to an option, deferred stock or performance award will be taxed to the grantee as compensation income and, subject to Section 162(m) of the Code, deductible as such by the Company.

Performance Awards. Grantees receiving performance awards do not realize taxable income at the time of the grant or during the performance period. A performance award, whether paid in cash or common stock,

25

will constitute ordinary income during the year of payment. Such taxable income will be based on the fair market value of the common stock at the payment date. The Company is not entitled to a deduction at the time of grant. When the award is paid, subject to Section 162(m) of the Code, the Company is entitled to a compensation deduction, provided, with respect to an award paid in common stock, the Company timely satisfies any federal income tax reporting requirements.

Section 162(m) of the Code. With respect to awards granted after a transition period following the Company's initial public offering, Section 162(m) of the Code precludes the Company, as a public corporation, from taking a deduction for compensation in excess of \$1 million paid in a taxable year to its chief executive officer or any of its four other highest paid officers. However, compensation that qualifies under Section 162(m) as "performance-based" is specifically exempt from the deduction limit. Based on current interpretive authority and assuming that the Plan is approved by the stockholders, the Company's ability to deduct compensation income generated in connection with the exercise of options granted under the Plan should not be limited by Section 162(m) provided that (1) the purchase price per share of common stock subject to such option is not less than the fair market value of a share of common stock at the time such option is granted, and (2) all grants of options under the Plan are made by a committee of the Board comprised solely of non-employee directors. The Plan has been designed to provide flexibility with respect to whether restricted stock awards, deferred stock awards, and performance awards will qualify as performance-based compensation under Section 162(m) and, therefore, be exempt from the deduction limit. Assuming that the Plan is approved by the stockholders, if the forfeiture restrictions relating to an award granted after the Transition Period are based solely upon the satisfaction of one of the specifically enumerated performance criteria for qualification under Section 162(m) set forth in the Plan (see "Performance Objectives" above), all grants of such awards are made by a committee of the Board comprised solely of non-employee directors, and all performance criteria reflected in such awards are established by such committee, then the compensation expense relating to that award should be deductible by the Company if the restricted stock award becomes vested. However, compensation expense deductions relating to a restricted stock award, deferred stock award or performance award will be subject to the Section 162(m) deduction limitation if the award becomes vested based upon any criteria other than such performance criteria, such as the occurrence of a change of control or vesting based upon continued employment with the Company.

Parachute Payment Sanctions. Certain provisions in the Plan or that may be included in an agreement with respect to an award under the Plan may give an employee special protections or payments that are contingent on a change in the ownership or effective control of the Company or in the ownership of a substantial portion of the Company's assets. To the extent triggered by the occurrence of any such event, these special protections or payments may constitute "parachute payments" which, when aggregated with other parachute payments received by the employee, may result in the employee's receiving "excess parachute payments," as defined by the Code (a portion of which would be allocated to those protections or payments derived from the Plan). The Company would not be allowed a deduction for any of these excess parachute payments, and the employee would be subject to a nondeductible 20% excise tax in addition to income tax otherwise owed with respect to these payments. The Company has entered into agreements (See "Executive Agreements" above) with certain of its executives that provide that if any such executive becomes subject to these additional taxes, then the Company will pay the executive an additional amount equal to the amount the executive would have received absent the 20% excise tax.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE APPROVAL OF THE PLAN.

(a) The Committee shall from time to time, in its absolute discretion, and subject to applicable limitations of this Plan:

(d) During the term of the Plan, (i) a person who is a Director as of the Effective Date automatically shall be granted an option to purchase five thousand (5,000) shares of Common Stock (subject to adjustment as provided in Section 10.3) on the Effective Date and on the date of each annual meeting of stockholders at which the Director is reelected to the Board or at which the Director continues to serve, and (ii) a person who is initially elected or appointed to the Board automatically shall be granted (A) an option to purchase five thousand (5,000) shares of Common Stock (subject to adjustment as provided in Section 10.3) on the date of such initial election or appointment and (B) an option to purchase five thousand (5,000) shares of Common Stock (subject to adjustment as provided in Section 10.3) on the date of each annual meeting of stockholders occurring after such initial election or appointment at which the Director is reelected to the Board or at which the Director continues to serve. Members of the Board who are Employees of the Company who subsequently retire from the Company and remain on the Board will not receive an initial Option grant pursuant to clause (ii)(A) of the preceding sentence, but to the extent that they are otherwise eligible, will receive, after retirement from the Company, Options as described in the clause (ii)(B) of the preceding sentence. All of the foregoing Option grants authorized by this Section 3.4(d) are subject to stockholder approval of the Plan.

#### ARTICLE IV

##### TERMS OF OPTIONS

4.1 Option Agreement. Each Option shall be evidenced by a Stock Option Agreement, which shall be executed by the Optionee and an authorized officer of the Company and which shall contain such terms and conditions as the Committee shall determine, consistent with this Plan.

4.2 Option Price. The price per share of the shares subject to each Option shall be set by the Committee; provided, however, that, except as provided in Section 8.1 with respect to assumed options, such price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date the Option is granted.

4.3 Option Term. The term of an Option shall be set by the Committee in its discretion; provided, however, that (i) in the case of Options granted to Directors, the term shall be ten (10) years from the date the Option is granted and (ii) in the case of Incentive Stock Options, the term shall not be more than ten (10) years from the date the Incentive Stock Option is granted, or five (5) years from such date if the Incentive Stock Option is granted to an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or any Subsidiary).

##### 4.4 Option Vesting

(a) The period during which the right to exercise an Option in whole or in part vests in the Optionee shall be set by the Committee and the Committee may determine that an Option may not be exercised in whole or in part for a specified period after it is granted; provided, however, that, Options granted

to Directors shall become exercisable in cumulative annual installments of 25% on each of the first, second, third and fourth annual meetings of the stockholders following the date the Option is granted. At any time after grant of an Option, the Committee may, in its sole and absolute discretion and subject to whatever terms and conditions it selects, accelerate the period during which an Option vests.

(b) To the extent that the aggregate Fair Market Value of stock with respect to which "incentive stock options" (within the meaning of Section 422 of the Code, but without regard to Section 422(d) of the Code) are exercisable for the first time by an Optionee during any calendar year (under the Plan and all other incentive stock option plans of the Company and any parent or Subsidiary) exceeds \$100,000, such Options

B-5

shall be treated as Non-Qualified Options to the extent required by Section 422 of the Code. The rule set forth in the preceding sentence shall be applied by taking Options into account in the order in which they were granted. For purposes of this Section 4.4(b), the Fair Market Value of stock shall be determined as of the time the Option with respect to such stock is granted.

## ARTICLE V

### EXERCISE OF OPTIONS

5.1 Partial Exercise. An exercisable Option may be exercised in whole or in part; however, an Option shall not be exercisable with respect to fractional shares and the Committee may require that, by the terms of the Option, a partial exercise be with respect to a minimum number of shares.

5.2 Manner of Exercise. All or a portion of an exercisable Option shall be deemed exercised upon delivery of all of the following to the Secretary of the Company or his office:

(a) A written notice complying with the applicable rules established by the Committee stating that the Option, or a portion thereof, is exercised. The notice shall be signed by the Optionee or other person then entitled to exercise the Option or such portion;

(b) Such representations and documents as the Committee, in its absolute discretion, deems necessary or advisable to effect compliance with all applicable provisions of the Securities Act of 1933, as amended, and any other federal or state securities laws or regulations. The Committee or Board may, in its absolute discretion, also take whatever additional actions it deems appropriate to effect such compliance including, without limitation, placing legends on share certificates and issuing stop-transfer notices to agents and registrars;

(c) In the event that the Option shall be exercised pursuant to Section 10.1 by any person or persons other than the Optionee, appropriate proof of the right of such person or persons to exercise the Option; and

(d) Full cash payment to the Secretary of the Company for the shares with respect to which the Option, or portion thereof, is exercised. However, the Committee may in its discretion or provide in the grant agreement (i) that payment may be made, in whole or in part, through the delivery of shares of Common Stock owned by the Optionee, duly endorsed for transfer to the Company, with a Fair Market Value on the date of delivery not in excess of the aggregate exercise price of the Option or exercised portion thereof and subject to such other limitations as the Committee may impose thereon, (ii) allow payment, in whole or in part, through the surrender of shares of Common Stock then issuable upon exercise of the Option having a Fair Market Value on the date of Option exercise equal to the aggregate exercise price of the Option or exercised portion thereof, (iii) allow payment, in whole or in part, through the delivery of property of any kind which constitutes good and valuable consideration; (iv) allow payment, in whole or in part, through the delivery of a full recourse promissory note bearing interest (at no less than such rate as shall then preclude the imputation of interest under the Code) and payable upon such terms as may be prescribed by the Committee, (v) allow payment through a cashless-broker procedure approved by the Company, or (vi) allow payment through any combination of the consideration provided above. In the case of a promissory note, the Committee may also prescribe the form of such note and the security to be given for such note. The Option may not be

exercised, however, by delivery of a promissory note or by a loan from the Company when or where such loan or other extension of credit is prohibited by law.

5.3 Conditions to Issuance of Stock Certificates. The Company shall not be required to issue or deliver any certificate or certificates for shares of stock purchased upon the exercise of any Option or portion thereof prior to fulfillment of all of the following conditions:

(a) The admission of such shares to listing on all stock exchanges on which such class of stock is then listed;

B-6

(b) The completion of any registration or other qualification of such shares under any state or federal law, or under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body which the Committee shall, in its absolute discretion, deem necessary or advisable;

(c) The obtaining of any approval or other clearance from any state or federal governmental agency which the Committee shall, in its absolute discretion, determine to be necessary or advisable;

(d) The lapse of such reasonable period of time following the exercise of the Option as the Committee may establish from time to time for reasons of administrative convenience; and

(e) The receipt by the Company of full payment for such shares, including payment of any applicable withholding tax.

5.4 Rights as Stockholders. The holders of Options shall not be, nor have any of the rights or privileges of, stockholders of the Company in respect of any shares purchasable upon the exercise of any part of an Option unless and until certificates representing such shares have been issued by the Company to such holders.

5.5 Ownership and Transfer Restrictions. The Committee, in its absolute discretion, may impose such restrictions on the ownership and transferability of the shares purchasable upon the exercise of an Option as it deems appropriate. Any such restriction shall be set forth in the respective Stock Option Agreement and may be referred to on the certificates evidencing such shares. The Committee may require the Optionee to give the Company prompt notice of any disposition of shares of Common Stock acquired by exercise of an Incentive Stock Option within (i) two years from the date of granting such Option to such Optionee or (ii) one year after the transfer of such shares to such Optionee. The Committee may direct that the certificates evidencing shares acquired by exercise of an Option refer to such requirement to give prompt notice of disposition.

5.6 Limitations on Exercise of Options Granted to Directors. No Option granted to a Director may be exercised to any extent by anyone after the first to occur of the following events:

(a) the expiration of twelve (12) months from the date of the Optionee's death;

(b) the expiration of twelve (12) months from the date of the Optionee's ceasing to be a Director by reason of his permanent and total disability (within the meaning of Section 22(e)(3) of the Code);

(a) The Committee shall from time to time, in its absolute discretion:

(i) Select from among the Employees or consultants (including Employees or consultants who have previously received other awards under this Plan) such of them as in its opinion should be awarded Restricted Stock; and

(ii) Determine the terms and conditions applicable to such Restricted Stock, consistent with this Plan, which may include the achievement of Performance Objectives.

(b) Upon the selection of an Employee or consultant to be awarded Restricted Stock, the Committee shall instruct the Secretary of the Company to issue such Restricted Stock and may impose such conditions on the issuance of such Restricted Stock as it deems appropriate.

B-7

6.2 Restricted Stock Agreement. Restricted Stock shall be issued only pursuant to a Restricted Stock Agreement, which shall be executed by the selected Employee or consultant and an authorized officer of the Company and which shall contain such terms and conditions as the Committee shall determine, consistent with this Plan.

6.3 Rights as Stockholders. Upon delivery of the shares of Restricted Stock to the escrow holder, the Restricted Stockholder shall have, unless otherwise provided by the Committee, all the rights of a stockholder with respect to said shares, subject to the restrictions in his Restricted Stock Agreement, including the right to receive all dividends and other distributions paid or made with respect to the shares; provided, however, that in the discretion of the Committee, any extraordinary distributions with respect to the Common Stock shall be subject to the restrictions set forth in Section 6.4.

6.4 Restriction. All shares of Restricted Stock issued under this Plan (including any shares received by holders thereof with respect to shares of Restricted Stock as a result of stock dividends, stock splits or any other form of recapitalization) shall, in the terms of each individual Restricted Stock Agreement, be subject to such restrictions as the Committee shall provide, which restrictions may include, without limitation, restrictions concerning voting rights and transferability and restrictions based on duration of employment with the Company, Company performance and individual performance; provided, however, that, by action taken after the Restricted Stock is issued, the Committee may, on such terms and conditions as it may determine to be appropriate, remove any or all of the restrictions imposed by the terms of the Restricted Stock Agreement. Restricted Stock may not be sold or encumbered until all restrictions are terminated or expire.

6.5 Escrow. The Secretary of the Company or such other escrow holder as the Committee may appoint shall retain physical custody of each certificate representing Restricted Stock until all of the restrictions imposed under the Restricted Stock Agreement with respect to the shares evidenced by such certificate expire or shall have been removed.

6.6 Legend. In order to enforce the restrictions imposed upon shares of Restricted Stock hereunder, the Committee shall cause a legend or legends to be placed on certificates representing all shares of Restricted Stock that are still subject to restrictions under Restricted Stock Agreements, which legend or legends shall make appropriate reference to the conditions imposed thereby.

## ARTICLE VII

### PERFORMANCE AWARDS, DIVIDEND EQUIVALENTS, DEFERRED STOCK, STOCK PAYMENTS

7.1 Performance Awards. Any Employee or consultant selected by the Committee may be granted one or more Performance Awards. The value of such Performance Awards may be linked to the achievement of such specific Performance Objectives determined appropriate by the Committee over any period or periods determined by the Committee. In making such determinations, the Committee shall consider (among such other factors as it deems relevant in light of the specific type of award) the contributions, responsibilities and other compensation of the particular Employee or consultant.

7.2 Dividend Equivalents. Any Employee or consultant selected by the Committee may be granted Dividend Equivalents based on the dividends declared on

Common Stock, to be credited as of dividend payment dates, during the period between the date an Option, Deferred Stock or Performance Award is granted, and the date such Option, Deferred Stock or Performance Award is exercised, vests or expires, as determined by the Committee. Such Dividend Equivalents shall be converted to cash or additional shares of Common Stock by such formula and at such time and subject to such limitations as may be determined by the Committee.

7.3 Stock Payments. Any Employee or consultant selected by the Committee may receive Stock Payments in the manner determined from time to time by the Committee. B-8

7.4 Deferred Stock. Any Employee or consultant selected by the Committee may be granted an award of Deferred Stock in the manner determined from time to time by the Committee. The number of shares of Deferred Stock shall be determined by the Committee and may be linked to the achievement of such specific Performance Objectives determined to be appropriate by the Committee over any period or periods determined by the Committee. Common Stock underlying a Deferred Stock award will not be issued until the Deferred Stock award has vested, pursuant to a vesting schedule or Performance Objectives set by the Committee, as the case may be. Unless otherwise provided by the Committee, a Grantee of Deferred Stock shall have no rights as a Company stockholder with respect to such Deferred Stock until such time as the award has vested and the Common Stock underlying the award has been issued.

7.5 Performance Award Agreement, Dividend Equivalent Agreement, Deferred Stock Agreement, Stock Payment Agreement. Each Performance Award, Dividend Equivalent, award of Deferred Stock and/or Stock Payment shall be evidenced by an agreement, which shall be executed by the Grantee and an authorized Officer of the Company and which shall contain such terms and conditions as the Committee shall determine, consistent with this Plan.

7.6 Term. The term of a Performance Award, Dividend Equivalent, award of Deferred Stock and/or Stock Payment shall be set by the Committee in its discretion.

7.7 Exercise Upon Termination of Employment. A Performance Award, Dividend Equivalent, award of Deferred Stock and/or Stock Payment is exercisable or payable only while the Grantee is an Employee or consultant; provided that the Committee may determine that the Performance Award, Dividend Equivalent, award of Deferred Stock and/or Stock Payment may be exercised or paid subsequent to termination of employment or termination of consultancy without cause, or following a change in control of the Company, or because of the Grantee's retirement, death or disability, or otherwise.

7.8 Payment. Payment of the amount determined under Section 7.1 or 7.2 above shall be in cash, in Common Stock or a combination of both, as determined by the Committee. To the extent any payment under this Article VII is effected in Common Stock, it shall be made subject to satisfaction of all provisions of Section 5.3.

Any such grant or award under this Plan need not be the same with respect to each Optionee, Grantee or Restricted Stockholder. Any such interpretations and rules with respect to Incentive Stock Options shall be consistent with the provisions of Section 422 of the Code. In its absolute discretion, the Board may at any time and from time to time exercise any and all rights and duties of the Committee under this Plan except with respect to matters which under Rule 16b-3 or Section 162(m) of the Code, or any regulations or rules issued thereunder, are required to be determined in the sole discretion of the Committee.

The Committee, the Company and the Company's officers and Directors shall be entitled to rely upon the advice, opinions or valuations of any such persons. All actions taken and all interpretations and determinations made by the Committee or the Board in good faith shall be final and binding upon all Optionees, Grantees, Restricted Stockholders, the Company and all other interested persons. No members of the Committee or Board shall be personally liable for any action, determination or interpretation made in good faith with respect to this Plan, Options, awards of Restricted Stock or Deferred Stock, Performance Awards, Dividend Equivalents or Stock Payments, and all members of the Committee and the Board shall be fully protected by the Company in respect of any such action, determination or interpretation.

## ARTICLE X

### MISCELLANEOUS PROVISIONS

10.1 Not Transferable. Except as provided below, Options, Restricted Stock awards, Deferred Stock awards, Performance Awards, Dividend Equivalents or Stock Payments under this Plan may not be sold, pledged, assigned, or transferred in any manner other than by will or the laws of descent and distribution or pursuant to a QDRO, unless and until such rights or awards have been exercised, or the shares underlying such rights or awards have been issued, and all restrictions applicable to such shares have lapsed. No Option, Restricted Stock award, Deferred Stock award, Performance Award, Dividend Equivalent or Stock Payment or interest or right therein shall be liable for the debts, contracts or engagements of the Optionee, Grantee or Restricted Stockholder or his successors in interest or shall be subject to disposition by transfer, alienation, anticipation, pledge, encumbrance, assignment or any other means whether such disposition be voluntary or involuntary or by operation of law by judgment, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy), and any attempted disposition thereof shall be null and void and of no effect, except to the extent that such disposition is permitted by the preceding sentence. An Optionee may, with the consent of the Committee, transfer a Nonqualified Stock Option to such family members and

persons as may be permitted by this Committee, subject to such restrictions and limitations, if any, that the Committee, in its discretion, may impose on such transfer.

During the lifetime of the Optionee or Grantee, only he may exercise an Option or other right or award (or any portion thereof) granted to him under the Plan unless it has been disposed of pursuant to a QDRO. After the death of the Optionee or Grantee, any exercisable portion of an Option or other right or award may, prior to the time when such portion becomes unexercisable under the Plan or the applicable Stock Option Agreement or other agreement, be exercised by his personal representative or by any person empowered to do so under the deceased Optionee's or Grantee's will or under the then applicable laws of descent and distribution.

B-10

10.2 Amendment, Suspension or Termination of this Plan. This Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Board or the Committee. However, without approval of the Company's stockholders given within twelve months before or after the action by the Committee, no action of the Committee may, except as provided in Section 10.3, increase the limits imposed in Section 2.1 on the maximum number of shares which may be issued under this Plan or reduce the exercise price of an Option, and no action of the Committee may be taken that would otherwise require stockholder approval as a matter of applicable law, regulation or rule. No amendment, suspension or termination of this Plan shall, without the consent of the holder of Options, Restricted Stock awards, Deferred Stock awards, Performance Awards, Dividend Equivalents or Stock Payments, materially alter or impair any rights or obligations under any Options, Restricted Stock awards, Deferred Stock awards, Performance Awards, Dividend Equivalents or Stock Payments theretofore granted or awarded, unless the award itself otherwise expressly so provides. No Options, Restricted Stock, Deferred Stock, Performance Awards, Dividend Equivalents or Stock Payments may be granted or awarded during any period of suspension or after termination of this Plan, and in no event may any Incentive Stock Option be granted under this Plan after the first to occur of the following events:

(a) The expiration of ten years from the date the Plan is adopted by the Board; or

(b) The expiration of ten years from the date the Plan is approved by the Company's stockholders under Section 10.4.

10.3 Changes in Common Stock or Assets of the Company; Acquisition or Liquidation of the Company and Other Corporate Events.

(a) Subject to Section 10.3(e), in the event that the Committee determines that any dividend or other distribution (whether in the form of cash, Common Stock, other securities, or other property), recapitalization, reclassification, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, liquidation, dissolution, or sale, transfer, exchange or other disposition of all or substantially all of the assets of the Company, or exchange of Common Stock or other securities of the Company, issuance of warrants or other rights to purchase Common Stock or other securities of the Company, or other similar corporate transaction or event, in the Committee's sole discretion, affects the Common Stock such that an adjustment is determined by the Committee to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to an Option, Restricted Stock award, Performance Award, Dividend Equivalent, Deferred Stock award or Stock Payment, then the Committee shall, in such manner as it may deem equitable, adjust any or all of

(i) the number and kind of shares of Common Stock (or other securities or property) with respect to which Options, Performance Awards, Dividend Equivalents or Stock Payments may be granted under the Plan, or which may be granted as Restricted Stock or Deferred Stock (including, but not limited to, adjustments of the limitations in Section 2.1 on the maximum number and kind of shares which may be issued and adjustments of the Award Limit),

(ii) the number and kind of shares of Common Stock (or other securities or property) subject to outstanding Options, Performance Awards, Dividend Equivalents, or Stock Payments, and in the number and kind of shares of outstanding Restricted Stock or Deferred Stock, and

(iii) the grant or exercise price with respect to any Option, Performance Award, Dividend Equivalent or Stock Payment.

(b) Subject to Section 10.3(e), in the event of any corporate transaction or other event described in Section 10.3(a) which results in shares of Common Stock being exchanged for or converted into cash, securities (including securities of another corporation) or other property, the Committee will have the right to terminate this Plan as of the date of the event or transaction, in which case all options, rights and other awards granted under this Plan shall become the right to receive such cash, securities or other property, net of any applicable exercise price.

B-11

(c) Subject to Section 10.3(e), in the event of any corporate transaction or other event described in Section 10.3(a) or any unusual or nonrecurring transactions or events affecting the Company, any affiliate of the Company, or the financial statements of the Company or any affiliate, or of changes in applicable laws, regulations, or accounting principles, the Committee in its discretion is hereby authorized to take any one or more of the following actions whenever the Committee determines that such action is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to any option, right or other award under this Plan, to facilitate such transactions or events or to give effect to such changes in laws, regulations or principles:

(i) In its discretion, and on such terms and conditions as it deems appropriate, the Committee may provide, either automatically or upon the Optionee's request, for either the purchase of any such Option, Performance Award, Dividend Equivalent, or Stock Payment, or any Restricted Stock or Deferred Stock for an amount of cash equal to the amount that could have been attained upon the exercise of such option, right or award or realization of the Optionee's rights had such option, right or award been currently exercisable or payable or the replacement of such option, right or award with other rights or property selected by the Committee in its sole discretion;

(ii) In its sole and absolute discretion, the Committee may provide, either by the terms of such Option, Performance Award, Dividend Equivalent, or Stock Payment, or Restricted Stock or Deferred Stock or by action taken prior to the occurrence of such transaction or event that it cannot be exercised after such event;

(iii) In its sole and absolute discretion, and on such terms and conditions as it deems appropriate, the Committee may provide, either by the terms of such Option, Performance Award, Dividend Equivalent, or Stock Payment, or Restricted Stock or Deferred Stock or by action taken prior to the occurrence of such transaction or event, that, for a specified period of time prior to such transaction or event, such option, right or award shall be exercisable as to all shares covered thereby, notwithstanding anything to the contrary in (1) Section 4.4 or (2) the provisions of such Option, Performance Award, Dividend Equivalent, or Stock Payment, or Restricted Stock or Deferred Stock;

(iv) In its discretion, and on such terms and conditions as it deems appropriate, the Committee may provide, either by the terms of such Option, Performance Award, Dividend Equivalent, or Stock Payment, or Restricted Stock or Deferred Stock or by action taken prior to the occurrence of such transaction or event, that upon such event, such option, right or award be assumed by the successor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar options, rights or awards covering the stock of the successor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices;

(v) In its discretion, and on such terms and conditions as it deems appropriate, the Committee may make adjustments in the number and type of shares of Common Stock (or other securities or property) subject to outstanding Options, Performance Awards, Dividend Equivalents, or Stock Payments, and in the number and kind of outstanding Restricted Stock or Deferred Stock and/or in the terms and conditions of (including the grant or exercise price), and the criteria included in, outstanding options, rights and awards and options, rights and awards which may be granted in the future;

(vi) In its discretion, and on such terms and conditions as it deems appropriate, the Committee may provide either by the terms of a Restricted Stock award or Deferred Stock award or by action taken prior to the occurrence of such event that, for a specified period of time prior to such event, the restrictions imposed under a Restricted Stock Agreement or a Deferred Stock Agreement upon some or all shares of Restricted Stock or Deferred Stock may be terminated; and

(vii) In its discretion, and on such terms and conditions as it deems appropriate, the Committee may make adjustments to the Performance Objectives of any outstanding award.

(d) Notwithstanding anything in Sections 10.3(a), 10.3(c) or 10.3(e) to the contrary, except to the extent an award agreement expressly provides to the contrary, in the event of a Change of Control of the Company all outstanding awards automatically shall become fully vested immediately prior to such Change in

B-12

Control (or such earlier time as set by the Committee), all restrictions, if any, with respect to such awards shall lapse, all performance criteria, if any, with respect to such awards shall be deemed to have been met at their target level.

(e) With respect to an award intended to qualify as performance-based compensation under Section 162(m), no adjustment or action described in this Section 10.3, other than as provided in Section 10.3(d), shall be taken by the Committee to the extent that such adjustment or action would cause such award to fail to so qualify under Section 162(m) or any successor provisions thereto.

10.4 Approval of Amended and Restated Plan by Stockholders. The amendment and restatement of this Plan will be submitted for the approval of the Company's stockholders within twelve months after the Restatement Date. Options, Performance Awards, Dividend Equivalents or Stock Payments may be granted and Restricted Stock or Deferred Stock may be awarded prior to such stockholder approval with respect to the additional two million shares of Common Stock authorized for awards under Section 2.1 of this amendment and restatement (the "Additional Shares"), provided that such Options, Performance Awards, Dividend Equivalents or Stock Payments shall not be exercisable and such Restricted Stock or Deferred Stock shall not vest prior to the time when this amendment and restatement of the Plan is approved by the stockholders, and provided further that if such approval has not been obtained at the end of said twelve-month period, all such Options, Performance Awards, Dividend Equivalents or Stock Payments previously granted and all Restricted Stock or Deferred Stock previously awarded under this Plan, to the extent made with respect to the Additional Shares, shall thereupon be canceled and become null and void and the Plan shall continue as in effect prior to this amendment and restatement.

10.5 Tax Withholding. The Company shall be entitled to require payment in cash or deduction from other compensation payable to each Optionee, Grantee or Restricted Stockholder of any sums required by applicable tax law to be withheld with respect to the issuance, vesting or exercise of any Option, Restricted Stock, Deferred Stock, Performance Award, Dividend Equivalent or Stock Payment. Subject to the timing requirements of Section 5.3, the Committee may, in its discretion and in satisfaction of the foregoing requirement, allow such Optionee, Grantee or Restricted Stockholder to elect to have the Company withhold shares of Common Stock otherwise issuable under such Option or afterward (or allow the return of shares of Common Stock) having a Fair Market Value equal to the minimum tax sums required to be withheld by the Company. Notwithstanding the foregoing, any such person who is subject to Section 16b with respect to Company Stock may direct that the Company's tax withholding obligation be satisfied by withholding the appropriate number of shares from such award and/or the "constructive" tender already-owned shares of Common Stock.

10.6 Loans. The Committee may, in its discretion, extend one or more loans to Employees in connection with the exercise or receipt of an Option, Performance Award, Dividend Equivalent or Stock Payment granted under this Plan, or the issuance of Restricted Stock or Deferred Stock awarded under this Plan. The terms and conditions of any such loan shall be set by the Committee.

10.7 Limitations Applicable to Section 16 Persons and Performance-Based Compensation. Notwithstanding any other provision of this Plan, this Plan, and

any Option, Performance Award, Dividend Equivalent or Stock Payment granted, or Restricted Stock or Deferred Stock awarded, to any individual who is then subject to Section 16 of the Exchange Act, shall be subject to any limitations set forth in any applicable exemptive rule under Section 16 of the Exchange Act (including any amendment to Rule 16b-3 of the Exchange Act) that are requirements for the application of such exemptive rule. To the extent permitted by applicable law, the Plan, Options, Performance Awards, Dividend Equivalents, Stock Payments, Restricted Stock and Deferred Stock granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such applicable exemptive rule. Furthermore, notwithstanding any other provision of this Plan, any award intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any regulations or rulings issued thereunder that are requirements for qualification as performance-based compensation as described in Section 162(m)(4)(C) of the Code.

B-13

10.8 Effect of Plan Upon Options and Compensation Plans. Except as provided in Section 8.1, this Plan amendment and restatement shall not affect any other compensation or incentive plans in effect for the Company or any Subsidiary. Nothing in this Plan shall be construed to limit the right of the Company (i) to establish any other forms of incentives or compensation for Employees, Directors or consultants of the Company or any Subsidiary or (ii) to grant or assume options or other rights otherwise than under this Plan in connection with any proper corporate purpose including but not by way of limitation, the grant or assumption of options in connection with the acquisition by purchase, lease, merger, consolidation or otherwise, of the business, stock or assets of any corporation, partnership, entity or association.

10.9 Compliance with Laws. This Plan, the granting and vesting of Options, Restricted Stock awards, Deferred Stock awards, Performance Awards, Dividend Equivalents or Stock Payments under this Plan and the issuance and delivery of shares of Common Stock and the payment of money under this Plan or under Options, Performance Awards, Dividend Equivalents or Stock Payments granted or Restricted Stock or Deferred Stock awarded hereunder are subject to compliance with all applicable federal and state laws, rules and regulations (including but not limited to state and federal securities law and federal margin requirements) and to such approvals by any listing, regulatory or governmental authority as may, in the opinion of counsel for the Company, be necessary or advisable in connection therewith. Any securities delivered under this Plan shall be subject to such restrictions, and the person acquiring such securities shall, if requested by the Company, provide such assurances and representations to the Company as the Company may deem necessary or desirable to assure compliance with all applicable legal requirements. To the extent permitted by applicable law, the Plan, Options, Restricted Stock awards, Deferred Stock awards, Performance Awards, Dividend Equivalents or Stock Payments granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such laws, rules and regulations.

10.10 Titles. Titles are provided herein for convenience only and are not to serve as a basis for interpretation or construction of this Plan.

10.11 Governing Law. This Plan and any agreements hereunder shall be administered, interpreted and enforced under the internal laws of the State of Texas without regard to conflicts of laws thereof.
