ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we have filed with the Securities and Exchange Commission (the “SEC”) using a “shelf” registration process. Under this shelf registration process, the selling securityholder may offer and sell, from time to time, a total of 1,909,722 shares of our common stock under this shelf registration statement. This prospectus provides you with a general description of the common stock the selling securityholder may offer. We may provide a prospectus supplement containing specific information about the terms of a particular offering by the selling securityholder. The prospectus supplement may also add to, update or change the information contained in this prospectus. To the extent the information in the prospectus supplement is inconsistent with this prospectus, you should rely on the prospectus supplement. You should read both this prospectus and any prospectus supplement together with additional information described under the heading “Where You Can Find More Information.”

Neither we nor the selling securityholder has authorized anyone to provide any information or to make any representations other than those contained in this prospectus or in any free writing prospectuses we have prepared. Neither we nor the selling securityholder take any responsibility for, and can provide no assurance as to the reliability of, any other information that others may give you. This prospectus may only be used where it is legal to sell the offered securities. You should assume that the information in this prospectus is accurate only as of the date on the front cover of this prospectus and that the information incorporated by reference in this prospectus is accurate only as of the date the respective information was filed with the SEC. Our business, financial condition, results of operations and prospects may have changed since those dates.

ABOUT OIL STATES INTERNATIONAL, INC.

Oil States International, Inc., through its subsidiaries, is a global provider of manufactured products and services used in the drilling, completion, subsea, production and infrastructure sectors of the oil and natural gas industry, as well as in the industrial and military sectors. Our manufactured products include highly engineered capital equipment as well as products consumed in drilling, well construction and production of oil and natural gas. Oil States is headquartered in Houston, Texas with manufacturing and service facilities strategically located across the globe.

Our customers include many national oil and natural gas companies, major and independent oil and natural gas companies, onshore and offshore drilling companies and other oilfield service and industrial companies.

Our principal executive offices are located at Three Allen Center, 333 Clay Street, Suite 4620, Houston, Texas 77002, and our telephone number at that address is (713) 652-0582.

On July 1, 2022, pursuant to a settlement agreement, dated as of June 28, 2022 (the “Settlement Agreement”) by and between us and HCperf Holdings B.V. (formerly GEODynamics B.V.), a Netherlands private limited liability company (“HCperf”), we paid \$10,000,000 and issued 1,909,722 shares of our common stock to HCperf as consideration for the settlement of certain disputes existing between the parties in connection with the Company’s acquisition of GEODynamics, Inc., including the full and final settlement of the promissory note issued to HCperf (\$17.5 million in principal amount outstanding at March 31, 2022) and related accrued interest (the “Settlement”). The shares issued in connection with the Settlement are now being offered for resale in this prospectus.

As used in this prospectus, “Oil States,” the “Company,” “we,” “our,” “us” or like terms mean Oil States International, Inc. and its consolidated subsidiaries unless we state otherwise or the context otherwise requires.

RISK FACTORS

An investment in our common stock involves a high degree of risk. You should carefully consider the risks described in our filings with the SEC referred to under the heading “Where You Can Find More Information,” including our most recent annual report on Form 10-K and quarterly reports on Form 10-Q and other reports and documents we file with the SEC after the date of this prospectus that are incorporated by reference herein, together with all of the other information included in this prospectus, the applicable prospectus supplement and the documents we incorporate by reference.

If any of these risks were to occur, our business, financial condition, results of operations or cash flows could be adversely affected. You could lose all or part of your investment. When the selling securityholder offers and sells any common stock pursuant to a prospectus supplement, we may include additional risk factors relevant to that offering in the prospectus supplement.

Sales of our common stock by the selling securityholder may cause our stock price to decline.

As of July 5, 2022, we had approximately 63.90 million shares of common stock outstanding, approximately 1.91 million of which were issued to the selling securityholder pursuant to the Settlement Agreement. Sales of substantial amounts of our common stock in the public market by the selling securityholder or others, or the perception that those sales may occur, could cause the market price of our common stock to decline. In addition, the sale of these shares could impair our ability to raise capital through the sale of additional common stock.

FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference contain certain "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 (the "Securities Act") and Section 21E of the Securities Exchange Act of 1934 (the "Exchange Act"). Actual results could differ materially from those projected in the forward-looking statements as a result of a number of important factors, including incorrect or changed assumptions. For a discussion of known material factors that could affect our results, please refer to "Part I, Item 1. Business," "Part I, Item 1A. Risk Factors," "Part II, Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Part II, Item 7A. Quantitative and Qualitative Disclosures about Market Risk" in our Annual Report on Form 10-K for the year ended December 31, 2021 and in our subsequent SEC filings.

You can typically identify "forward-looking statements" by the use of forward-looking words such as "may," "will," "could," "project," "believe," "anticipate," "expect," "estimate," "potential," "plan," "forecast," "proposed," "should," "seek," and other similar words. Such statements may relate to our future financial position, budgets, capital expenditures, projected costs, plans and objectives of management for future operations and possible future strategic transactions. Actual results frequently differ from assumed facts and such differences can be material, depending upon the circumstances.

While we believe we are providing forward-looking statements expressed in good faith and on a reasonable basis, there can be no assurance that actual results will not differ from such forward-looking statements. The following are important factors that could cause actual results to differ materially from those expressed in any forward-looking statement made by, or on behalf of, us:

- the ongoing impact of the Coronavirus Disease 2019 pandemic;
- the ability and willingness of the Organization of Petroleum Exporting Countries and other producing nations to set and maintain oil production levels and pricing;
- the level of supply of and demand for oil and natural gas, which has been impacted by the ongoing war between Russia and Ukraine that began in February 2022;
- fluctuations in the current and future prices of oil and natural gas;
- the level of exploration, drilling and completion activity;
- the cyclical nature of the oil and natural gas industry;
- the level of offshore oil and natural gas developmental activities;
- the financial health of our customers;
- the impact of environmental matters, including executive actions and regulatory or legislative efforts to adopt environmental or climate change regulations that may result in increased operating costs or reduced oil and natural gas production or demand globally;
- proposed new rules by the SEC relating to the disclosure of a range of climate-related information and risks;
- political, economic and litigation efforts to restrict or eliminate certain oil and natural gas exploration, development and production activities due to concerns over the threat of climate change;
- the availability of and access to attractive oil and natural gas field prospects, which may be affected by governmental actions or actions of other parties restricting drilling and completion activities;
- general global economic conditions;
- global weather conditions and natural disasters;

- changes in tax laws and regulations;
- supply chain disruptions;
- the impact of tariffs and duties on imported materials and exported finished goods;
- our ability to timely obtain and maintain critical permits for operating facilities;
- our ability to attract and retain skilled personnel;
- negative outcome of litigation, threatened litigation or government proceedings;
- our ability to develop new competitive technologies and products;
- inflation, including our ability to increase prices to our customers as our costs increase;
- fluctuations in currency exchange rates;
- physical, digital, cyber, internal and external security breaches and other incidents affecting information security and data privacy;
- our ability to access and the cost of capital in the bank and capital markets;
- our ability to protect and enforce our intellectual property rights;
- our ability to complete the integration of acquired businesses and achieve the expected accretion in earnings; and
- certain factors discussed elsewhere in this prospectus and other financial, operational and legal risks and uncertainties detailed from time to time in our filings with the SEC.

Should one or more of these risks or uncertainties materialize, or should the assumptions on which our forward-looking statements are based prove incorrect or change, actual results may differ materially from those expected, estimated or projected. In addition, the factors identified above may not necessarily be all of the important factors that could cause actual results to differ materially from those expressed in any forward-looking statement made by us, or on our behalf. Readers are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date hereof. We undertake no responsibility to publicly release the result of any revision of our forward-looking statements after the date they are made.

In addition, in certain documents we incorporate by reference, we refer to information and reports published by third parties that purport to describe trends or developments in the energy industry. We do so for the convenience of our stockholders and in an effort to provide information available in the market that will assist our investors in better understanding the market environment in which we operate. However, we specifically disclaim any responsibility for the accuracy and completeness of such information and undertake no obligation to update such information.

USE OF PROCEEDS

All of the shares of our common stock being offered pursuant to this prospectus are being offered by the selling securityholder. We will not receive any proceeds from the sale of those shares.

DESCRIPTION OF COMMON STOCK

The following description of our common stock is based upon our amended and restated certificate of incorporation (“Charter”), our Fourth Amended and Restated Bylaws (“Bylaws”) and applicable provisions of Delaware law. We have summarized certain portions of the Charter and Bylaws below. The summary is not complete and is subject to, and is qualified in its entirety by express reference to, the provisions of our Charter and Bylaws, which are filed as Exhibits 3.1 and 3.2, respectively, to the registration statement of which this prospectus forms a part.

Authorized Capital Stock

Under the Charter, our authorized capital stock consists of 200,000,000 shares of common stock, \$0.01 par value, and 25,000,000 shares of preferred stock, \$0.01 par value.

Common Stock

Common Stock Outstanding. The outstanding shares of our common stock are duly authorized, validly issued, fully paid and nonassessable. Our common stock is listed and principally traded on the New York Stock Exchange under the ticker symbol “OIS.”

Voting Rights. Each holder of shares of our common stock is entitled to one vote for each share held of record on the applicable record date on all matters submitted to a vote of stockholders.

Dividend Rights. Subject to any preferential dividend rights granted to the holders of any shares of our preferred stock that may at the time be outstanding, holders of our common stock are entitled to receive dividends as may be declared from time to time by our board of directors (the “Board”) out of funds legally available therefor. Dividends may be paid in cash, in property, or in shares of common stock. We have not declared or paid any cash dividends on our common stock since our initial offering in 2001. Any future determinations as to the declaration and payment of dividends will be at the discretion of our Board and will depend on then existing conditions.

Rights upon Liquidation. Holders of our common stock are entitled to share pro rata, based on the number of shares held, upon any liquidation or dissolution of the Company, in all remaining assets available for distribution to stockholders after payment or providing for our liabilities and the liquidation preference of any outstanding preferred stock.

Rights and Preferences. Holders of our common stock have no preemptive right to purchase, subscribe for or otherwise acquire any unissued or treasury shares or other securities. Our common stock is also not subject to any conversion, redemption or sinking fund provisions.

Transfer Agent and Registrar. Computershare, Inc. is the transfer agent and registrar for our common stock.

Preferred Stock

Under our Charter, without further stockholder action, our Board is authorized, subject to any limitations prescribed by Delaware law, to provide for the issuance of the shares of preferred stock in one or more series, to establish, from time to time, the number of shares to be included in each such series, to fix the rights, preferences, privileges and restrictions of preferred stock, including provisions related to dividends, conversion, voting, redemption, liquidation.

Certain Provisions of our Charter and Bylaws

Annual Stockholder Meetings. Our Charter and Bylaws provide that annual stockholder meetings will be held at a date, place (if any) and time, as exclusively selected by the Board.

Special Stockholder Meetings. Subject to the rights of the holders of any series of preferred stock, our Charter and Bylaws provide that special meetings of the stockholders may only be called by the chairman of the Board or by the resolution of a majority of the Board.

Requirements for Advance Notification of Stockholder Nominations and Proposals. The Bylaws set forth advance notice procedures with respect to stockholder proposals and the nomination of candidates for election as directors, other than nominations made by or at the direction of the Board or a committee of Board.

Classified Board of Directors. Our Charter divides our directors into three classes serving staggered three-year terms. As a result, stockholders will elect approximately one-third of the Board each year.

Amendment of Charter and Bylaws. The Bylaws may be amended by (a) the affirmative vote of the holders of a majority of the voting power of the stock issued and outstanding and entitled to vote or (b) by the affirmative vote of a majority of the Board. Except as otherwise provided in the Charter, the Bylaws or by applicable Delaware law, the Company may amend any provision contained in the Charter in the manner prescribed by law.

Limitations of Liability Directors and Officers. Our directors will not be personally liable to our company or our stockholders for monetary damages for breach of fiduciary duty as a director, except, if required by Delaware law, for liability (1) for any breach of the duty of loyalty to our company or our stockholders; (2) for acts or omissions not in good faith or involving intentional misconduct or a knowing violation of law; (3) for unlawful payment of a dividend or unlawful stock purchases or redemptions; or (iv) for any transaction from which the director derived an improper personal benefit.

Certain Anti-Takeover Effects of Delaware Law

Our Charter and Bylaws contain several provisions that could delay or make more difficult the acquisition of us through a hostile tender offer, open market purchases, proxy contest, merger or other takeover attempt that a stockholder might consider in his or her best interest, including those attempts that might result in a premium over the market price of our common stock. Such anti-takeover provisions include, but are not limited to, provisions related to:

- Classification of the Board with staggered three year terms;
- Removal of directors only with cause;
- Prohibition of stockholder for action by written consent;
- Robust requirements for advance notification of stockholder nominations and proposals; and
- Prohibition of stockholders calling a special meeting.

For purposes of the table below, however, we have assumed that after termination of this offering none of the shares covered by this prospectus will be held by the selling securityholder.

PLAN OF DISTRIBUTION

All shares of common stock being offered under this prospectus are being offered on behalf of the selling securityholder. The shares offered by this prospectus may be sold from time to time by or for the account of the selling securityholder pursuant to this prospectus or pursuant to Rule 144 under the Securities Act. Sales of shares pursuant to this prospectus may be made on the NYSE, in the over-the-counter market or otherwise at prices and on terms then prevailing or at prices related to the then current market price or in negotiated transactions (in each case as determined by the selling securityholder). Sales may be made directly or through agents designated from time to time, or through dealers or underwriters to be designated or in negotiated transactions.

The shares may be sold by any one or more of the following methods:

- through a block trade (which may involve crosses) in which the selling securityholder's broker or dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction,
- through purchases by a broker or dealer as principal and resale by the broker or dealer for their account pursuant to this prospectus,
- through exchange distributions and/or secondary distributions in accordance with the rules of the NYSE,
- an over-the-counter distribution in accordance with the rules of the NYSE,
- through ordinary brokerage transactions and transactions in which the broker solicits purchasers,
- through privately negotiated transactions,
- through the distribution of the securities by any selling securityholder to its employees, partners, members or stockholders,
- through the writing of options, swaps or other derivatives (including put or call options), whether the options, swaps or derivatives are listed on an options exchange or otherwise,
- through short sales,
- by pledge to secure debts and other obligations,
- delayed delivery arrangements,
- to or through underwriters or agents,
- "at the market" or through market makers or into an existing market for the shares, or
- through a combination of any of the above methods of sale or any other method permitted by applicable law.

Any selling agents, underwriters or broker-dealers may receive compensation in the form of underwriting discounts, concessions or commissions from the selling securityholder, from purchasers of shares for whom they act as agents or from both sources. The selling securityholder does not expect these discounts, concessions or commissions to exceed what is customary in the types of transactions involved. The selling securityholder will be responsible for any commissions, underwriting discounts or similar charges on the sale of shares under this prospectus.

The selling securityholder may pledge or grant a security interest in some or all of the shares of common stock they own and, if it defaults in the performance of its secured obligations, the pledgees or secured parties may offer and sell the shares of common stock from time to time pursuant to a prospectus or any amendment to such prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act, amending, if necessary, the list

of selling securityholders to include the pledgee, transferee or other successors in interest as selling securityholders under such prospectus. The selling securityholder also may transfer and donate the shares of common stock in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of such prospectus.

The selling securityholder and any broker-dealers, agents and underwriters that participate in the distribution of the shares may be deemed to be “underwriters” within the meaning of the Securities Act in connection with the sales. Any commissions, and any profit on the resale of shares, received by the selling securityholder and any such broker-dealers, agents or underwriters may be deemed to be underwriting discounts and commissions. Any underwriters, brokers, dealers and agents who participate in any sale of the securities may also engage in transactions with, or perform services for, us or our affiliates in the ordinary course of their businesses. We may indemnify underwriters, brokers, dealers and agents against specific liabilities, including liabilities under the Securities Act.

The selling securityholder will be subject to applicable provisions of the Exchange Act and the associated rules and regulations thereunder, including Regulation M, which provisions may affect the marketability of the shares.

Delaware General Corporation Law

Section 145(a) of the Delaware General Corporation Law (“DGCL”) provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with the action, suit or proceeding if he acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person’s conduct was unlawful.

Section 145(b) of the DGCL provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys’ fees) actually and reasonably incurred by the person in connection with the defense or settlement of the action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which the person shall have been adjudged to be liable to the corporation unless and only to the extent that the Delaware Court of Chancery or the court in which the action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for the expenses which the Delaware Court of Chancery or such other court shall deem proper.

Section 145(c) of the DGCL provides that to the extent that a present or former director or officer of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in Section 145(a) and (b), or in defense of any claim, issue or matter therein, the person shall be indemnified against expenses (including attorneys’ fees) actually and reasonably incurred by the person in connection therewith.

Section 145(d) of the DGCL provides that any indemnification under Section 145(a) and (b) (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the present or former director, officer, employee or agent is proper in the circumstances because the person has met the applicable standard of conduct set forth in Section 145(a) and (b). The determination shall be made, with respect to a person who is a director or officer at the time of such determination, (1) by a majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum, (2) by a committee of such directors designated by majority vote of such directors, even though less than a quorum, (3) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion, or (4) by the stockholders.

Section 145(e) of the DGCL provides that expenses (including attorneys' fees) incurred by an officer or director in defending any civil, criminal, administrative or investigative action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of the director or officer to repay such amount if it shall ultimately be determined that the person is not entitled to be indemnified by the corporation as authorized in Section 145. The expenses (including attorneys' fees) incurred by former directors and officers or other employees and agents may be so paid upon those terms and conditions, if any, as the corporation deems appropriate.

Section 145(f) of the DGCL provides that the indemnification and advancement of expenses provided by, or granted pursuant to, Section 145 shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise.

Section 145(g) of the DGCL provides that a corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against the person and incurred by the person in any such capacity, or arising out of the person's status as such, whether or not the corporation would have the power to indemnify the person against such liability under Section 145.

Section 145(k) of the DGCL provides that the indemnification and advancement of expenses provided by, or granted pursuant to, Section 145 shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

Certificate of Incorporation and Bylaws

Article 11 of our certificate of incorporation provides that no director shall be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except as required by the DGCL, and Section 6.1 of our bylaws provides a non-exclusive indemnification for certain acts by persons acting as an officer, director, employee or agent of the Company.

The Company determines whether the indemnification of the present or former director, officer, employee or agent is proper in the circumstances in accordance with Section 145 of the DGCL as described above.

Certain Other Arrangements

We carry directors and officers liability coverages designed to insure our officers and directors and those of our subsidiaries against certain liabilities incurred by them in the performance of their duties, and also providing for reimbursement in certain cases to us and our subsidiaries for sums paid to directors and officers as indemnification for similar liability.

In addition, we have entered into indemnity agreements with our directors and executive officers containing provisions which are in some respects broader than the specific indemnification provisions contained in the DGCL.

Item 17. Undertakings.

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) of the Securities Act if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective Registration Statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934, that are incorporated by reference in the Registration Statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the Registration Statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the Registration Statement as of the date the filed prospectus was deemed part of and included in the Registration Statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the Registration Statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the Registration Statement relating to the securities in the Registration Statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the Registration Statement or made in a document incorporated or deemed incorporated by reference into the Registration Statement or prospectus that is part of the Registration Statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the Registration Statement or prospectus that was part of the Registration Statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the Registrant under the Securities Act to any purchaser in the initial distribution of the securities: The undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to the Registration Statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(b) The undersigned Registrant hereby further undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

Pursuant to the requirements of the Securities Act of 1933, as amended, the registrant has duly caused this Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Houston, Texas, on July 6, 2022.
